RideKC Fare Payment and Customer Information Mobile Application
Pilot Project

A. Purpose

1. The Kansas City Area Transportation Authority (KCATA), on behalf of regional transit partners, is exploring opportunities to not only replace the existing fare payment system, but to expand options for making payments by means other than cash through a mobile application. In addition, KCATA would like to address system wide trip planning and real-time customer information in the same mobile application. It is the intent of KCATA to test other fare payment methods in a pilot program.
2. The goal of the pilot is to address any technical and operational issues before issuing a Request For Proposals (RFP) for a more comprehensive mobile application that would include trip planning, real-time customer information, and payment for paratransit, ride share, bike share, car share, and taxi/Transportation Network Company mobility options.
3. No interaction with smart cards, ticket vending machines, or the existing fare payment system is required during the pilot.
4. The awarded vendor of this pilot program shall be required to evaluate and document the pilot program “Lessons Learned,” the necessary functional and operational requirements of the mobile application to suit the needs of KCATA and its transit partners which incorporates customer ridership feedback obtained through surveys and other feedback methodologies. This documentation shall be made public and available as part of the subsequent RFP.

B. Overview

1. KCATA is the regional transit authority for the Kansas City metropolitan area with an authorized service area in seven counties in two states. KCATA currently provides fixed route, on demand paratransit, and Bridj (microtransit) services. KCATA also provides transit administrative and management services to Johnson County, Kansas, and the City of Independence, Missouri. KCATA as the regional transit authority leads the regional efforts to coordinate and consolidate services under a larger regional umbrella of transit service, known as RideKC, which includes services in Johnson and Wyandotte counties in Kansas, the City of Independence, Missouri, and the City of Kansas City, Missouri, streetcar system.
2. KCATA operates a fleet of 255 vehicles and provides approximately 16 million trips annually. KCATA’s average weekday ridership is 55,000 trips.
3. KCATA is a bi-state agency created by a compact between the States of Missouri and Kansas, and approved by the United States Congress. The compact was authorized by legislation passed in both states in 1965. The compact gives the KCATA responsibility for planning, construction, owning and operating passenger transportation systems and facilities within the seven-county Kansas City metropolitan area. The compact defines the KCATA district as the counties of Cass, Clay, Jackson, and Platte in Missouri; and Johnson, Leavenworth, and Wyandotte in Kansas. KCATA’s jurisdiction is limited to these seven counties. KCATA operates RideKC bus service, the Metro Area Express (MAX) Bus Rapid Transit service, MetroFlex demand-response routes, Share-A-Fare paratransit

service for the elderly and persons with disabilities, and AdVANtage vanpool service.

4. **Existing Fare Payment System**

The current fare payment and collection system utilized by KCATA, Johnson County, and Independence is built around the GFI Odyssey farebox system and Ticket Reading and Issuing Machine (TRiM) units that issue and read a variety of magnetic stripe fare products. The current system is 15 years old and will need to be replaced in the near future.

5. **Other Systems**

Respondents should be aware that there are multiple agencies under the RideKC umbrella and multiple back office systems are in place at each that will need to be integrated into a single regional mobile application during the pilot:

- KCATA – Trapeze TransitMaster (schedules, AVL), Lawson (ERP)
- Johnson County – RouteMatch (schedules, AVL)
- City of Independence – TransLoc (schedules, AVL)
- Kansas City Streetcar Authority – Trapeze TransitMaster (schedules, AVL)
- Wyandotte County – Trapeze TransitMaster (schedules)

Schedule information for all systems is available in GFTS format. KCATA and Streetcar also publish real-time vehicle location information in GTFS-RT format. Johnson County and Independence have real-time information available through the RouteMatch and TransLoc applications, respectively. Wyandotte County does not current provide real-time vehicle information.

C. Transit Customer Requirements

1. Customer shall be able to download a fully native RideKC mobile application for Android and iOS operating systems in their respective app stores.
2. Customer shall be able to enter trip origin (address or device geolocation) and destination and receive available route options for all RideKC services.
3. Customer shall be able to track the RideKC vehicle's estimated arrival, in minutes (for routes that are providing AVL information).
4. Customer shall be able to purchase RideKC fare products and display a secure fare product to the RideKC vehicle operator for visual validation.
5. Customer shall be able to purchase RideKC fare products with Visa and MasterCard debit and credit cards.

D. Agency Requirements

1. KCATA shall select the fare products to be used and reserves the right to add or remove fare products during the pilot, based on internal or customer feedback.
2. KCATA shall not be required to install any hardware on vehicles as part of the pilot. If respondents wish to suggest hardware solutions be used during the pilot (such as electronic validators or additional AVL solutions) they should be priced separately.
3. KCATA shall be able to publish the application in the Apple App and Google Play stores under a "RideKC" account.

4. KCATA shall have the ability to access trip origin and destination information for trip requests and geolocation for each fare activation, if the vendor collects the data.
5. KCATA reserves the right to change which fare products are supported during the pilot based on internal and customer feedback.
6. Visual validation must not present a significant distraction for the vehicle operator or introduce delays in dwell time, compared to cash fare payments.
7. Visual validation must have the option to display a barcode or QR code that can be used with existing electronic validators (which may be procured separately).

E. Financial Requirements

1. KCATA shall have access to accurate revenue and individual fare payment transactions.
2. KCATA shall receive electronic deposits for all fare payments.
3. KCATA shall be able to electronically reconcile revenue reports from the mobile fare payment application with the agency's existing Lawson ERP system, either through a batch job or some other method.

F. Security Requirements

The pilot contract's mobile application must provide financial security and protections for customer information using strong Secure Sockets Layer/Transport Layer Security (SSL/TLS) Encryption authentication for Web and data protection. The contractor shall provide financially secure transactions that meet or exceed the Payment Card Industry Data Security Standard (PCI DSS) E-commerce payment applications industry standards.

G. Accessibility Requirements

Accessibility is important to KCATA and respondents may be asked to provide verification that their application meets standards for customers with disabilities to a high degree, such as WCAG 2 and Section 508. An independent accessibility audit is preferred.

H. Pilot Requirements

1. **Duration.** The pilot is anticipated to last up to one year, at the discretion of the agency. Configuration and training should be complete within 90 days after notice to proceed and is included in the one-year duration.
2. **Pricing.** Pricing structure will be based on a transaction fee plus upfront costs to KCATA, if any. Costs should be clearly identified in the response in Attachment B. Respondent may require a revenue minimum for the pilot duration. Custom development is expected to be minimal during the pilot. Any required customization should be identified in the bid response.
3. **Evaluation.** KCATA will evaluate the pilot on the following quantitative measures:
 - a. Total ridership per route – before and during pilot
 - b. Total ridership by fare product – before and during pilot
 - c. Total number of customer and operator complaints – before and during pilot

KCATA will also survey pilot participants – customers, operators, and staff – on satisfaction with the mobile application and pilot process. Survey results will be made available to the industry and may be conducted through an arrangement with academia.

4. **Project management.** A cross-functional team within the agency will be available to manage the pilot through its completion. This team will consist of representatives from the following departments:
 - a. Information Technology
 - b. Finance
 - c. Service Delivery & Innovation
 - d. Operations
 - e. Planning

5. **Experience.** The successful contractor shall have at a minimum the following qualifications:
 - a. License to do business in the state of Kansas and in the state of Missouri.

 - b. Two (2) years' experience providing fare payment mobile applications in the transit industry of a similar size or larger size and scope as KCATA and its transit partners. The contractor must have at least one mobile fare payment application in operation at Transit Authority being utilized by transit customers (e.g., not in a test environment) within the past year from date of this bid solicitation. **The bidder must submit a minimum of two (2) references that can validate the experience requirements stated herein.**

 - c. The vendor shall assign an account representative as the primary contact and provide for a “backup” account executive for the duration of the pilot project.

TRAVEL POLICY & HOTEL RATES FOR CONTRACTORS

General Policy

Contractors will be reimbursed for authorized and documented expenses incurred while conducting KCATA business. Expenses for a traveler's companion are not eligible for reimbursement. Contractors are expected to make prudent business decisions and comparison shop for airfares, rental cars, lodging, etc., and to keep in mind that they are being reimbursed with public monies.

Receipts, paid bills or other documentary evidence for expenditures must be submitted with requests for reimbursement. The request for reimbursement must clearly indicate the amount, date, place and essential character of the expenditures.

The KCATA reserves the right to modify this travel policy with proper notification to Contractors.

1. **Airfare:** Commercial airline, coach class seating only. When possible, trips should be planned far enough in advance to assure purchase discounts.
2. **Lodging:** The KCATA has negotiated special rates at specific hotels. Contractors may stay at the hotel of their choice, but will be reimbursed no more than a maximum daily amount of \$160.00 plus tax unless the contractor obtains prior written authorization from KCATA.
3. **Meals:** The **actual costs** of meals, including tips of generally 15-17%, will be reimbursed up to a maximum of \$70 per person a day. Alcoholic beverages are **not** an eligible reimbursable expense.
4. **Auto Rental:** Rental or leased vehicles will not be reimbursed unless pre-approved in writing by KCATA in advance. The class of auto selected, if authorized, should be the lowest class appropriate for the intended use and number of occupants.
5. **Telephone:** Project-related, long-distance business calls will be reimbursed.
6. **Number of Trips to Travel Home on Weekends:** When extended stays in Kansas City are required, the KCATA will reimburse for trips home on weekends only every third weekend. In some instances, KCATA may require relocation of an employee to Kansas City.
7. **Taxis, Airport Shuttles, Public Transportation:** Transportation between the airport and hotel will be reimbursed. Contractors should consider the number in their party and compare taxi rates to airport shuttle fees when the shuttle serves the hotel.
8. **Personal Vehicle:** Mileage for usage of personal vehicles for business travel outside the seven-county Kansas City metropolitan area (Clay, Cass, Jackson and Platte Counties in Missouri; Johnson, Wyandotte and Douglas counties in Kansas) will be reimbursed at KCATA's current rate of \$0.54 per mile (based on the IRS current established rate).

4. Bidder/Proposer acknowledges that the monetary amount to be paid each listed DBE for their work, and which is approved herein, is an amount corresponding to the percentage of the total contract amount allocable to each listed DBE as calculated in the **Schedule of Participation by Contractor and Subcontractors** form. Bidder/Proposer further acknowledges that this amount may be higher than the subcontract amount listed therein as change orders and/or amendments changing the total contract amount may correspondingly increase the amount of compensation due a DBE for purposes of meeting or exceeding the Bidder/Proposer participation commitment.
5. Bidder/Proposer acknowledges that it is responsible for considering the effect that any change orders and/or amendments changing the total contract amount may have on its ability to meet or exceed the Bidder/Proposer participation. Bidder/Proposer further acknowledges that it is responsible for submitting a **Request for Modification or Substitution** form if it will be unable to meet or exceed the Bidder/Proposer participation set forth herein.
6. If Bidder/Proposer has not achieved the DBE commitment set for this Project, Bidder/Proposer hereby requests a waiver of the DBE commitment that Bidder/Proposer has failed to achieve.
7. Bidder/Proposer will present documentation of its good faith efforts, a narrative summary detailing its efforts and the reasons its efforts were unsuccessful when requested by KCATA.

ARTICLE 2: ASSIGNMENT

The Contractor shall not assign any interest in this Contract and shall not transfer any interest in the same (whether by assignment or novation), without the prior written consent of KCATA. In the event of KCATA's consent to assignment of this Contract, all of the terms, provisions and conditions of the Contract shall be binding upon and inure to the benefit of the parties and their respective successors, assigns and legal representative.

ARTICLE 3: BANKRUPTCY

In the event the Contractor enters into proceedings relating to bankruptcy, whether voluntary or involuntary, the Contractor agrees to furnish, by certified mail, written notification of the bankruptcy to the KCATA official identified in the "Notification and Communication" section. This notification shall be furnished within five (5) days of the initiation of the proceedings relating to bankruptcy filing. This notification shall include the date on which the bankruptcy petition was filed, the identity of the court in which the bankruptcy petition was filed, and a listing of KCATA Contract numbers against which final payment has not been made. This obligation remains in effect until final payment under this Contract.

ARTICLE 4: BREACH OF CONTRACT; REMEDIES

- A. If the Contractor shall fail, refuse or neglect to comply with any terms of this Contract, such failure shall be deemed a total breach of contract and the Contractor shall be subject to legal recourse by KCATA, plus costs resulting from failure to comply including the KCATA's reasonable attorney fees, whether or not suit be commenced.
- B. The duties and obligations imposed by this Contract and the rights and remedies available hereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law or equity. No action or failure to act by KCATA shall constitute a waiver of any right or duty afforded under this Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach hereunder, except as may be specifically agreed in writing.

ARTICLE 5: CHANGES

KCATA may at any time, by a written order, and without notice to the Contractor, make changes within the general scope of this Contract. No such changes shall be made by the Contractor without prior written approval by KCATA. If any such change causes an increase or decrease in the Contract sum, or the time required for performance of this Contract, whether changed or not changed by such order, an equitable adjustment shall be made by written modification. Any Contractor's claim for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change. Nothing in this clause shall excuse the Contractor from proceeding with this Contract as changed.

ARTICLE 6: CHANGES TO FEDERAL REQUIREMENTS

Contractors' failure to so comply shall constitute a material breach of this Contract. Contractor agrees to include this clause in all subcontracts at any tier. It is further agreed that the clause shall not be modified, except to identify the subcontractors who will be subject to its provisions.

ARTICLE 7: CIVIL RIGHTS

- A. **Nondiscrimination.** In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. § 2000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132, and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, age, sex, sexual orientation, gender identity, national origin or disability. In addition, the Contractor agrees to comply with applicable Federal implementing regulations and other implementing regulations that the Federal Transit Administration (FTA) may issue.
- B. **Equal Employment Opportunity.** The following equal employment opportunity requirements apply to this Contract:

The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, creed, age, sex, sexual orientation, gender identity or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Contractor also agrees to comply with any implementing requirements FTA may issue.
- D. Contractor understands that it is required to include this Article in all subcontracts. Failure by the Contractor to carry out these requirements or to include these requirements in any subcontract is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as the KCATA deems appropriate, including but not limited to withholding monthly progress payments and/or disqualifying the Contractor from future bidding as non-responsible.

ARTICLE 8: CONFLICTS OF INTEREST (ORGANIZATIONAL)

The Contractor certifies that it has no other activities or relationships that would make the Contractor unable, or potentially unable, to render impartial assistance or advice to KCATA, or that would impair the Contractor’s objectivity in performing work under this Contract, or that would result in an unfair competitive advantage to Contractor or to another third party performing the Project work.

ARTICLE 9: CONTRACTOR’S PERSONNEL

All of the services required hereunder shall be performed by the Contractor or under its supervision and all personnel engaged in the services shall be fully qualified and authorized under state and local law to perform such services. Any change in the key personnel, as described in the contractor’s proposal, shall be subject to the written approval of KCATA; such approval shall not be unreasonably withheld. The parties agree that at all times during the entire term of this Contract that the persons listed in Contractor’s proposal shall serve as the primary staff person(s) of Contractor to undertake, render and oversee all of the services of this Contract subject to KCATA’s right to remove personnel. KCATA reserves the right to require the Contractor to remove any personnel and or subcontractors for any cause provided such request for removal shall be documented in writing to Consultant.

ARTICLE 10: CONTRACTOR’S RESPONSIBILITY

No advantage shall be taken by the Contractor or its subcontractor of the omission of any part or detail which goes to make the equipment complete and operable for use by KCATA. In case of any variance, this specification shall take precedence over Contractor's or subcontractor's own specifications. The Contractor shall assume responsibility for all materials and services used whether the same is manufactured by the Contractor or purchased ready made from a source outside the Contractor's company.

ARTICLE 11: DEBARMENT AND SUSPENSION CERTIFICATION

- A. The Contractor, its principals and any affiliates, shall certify that it is not included in the “U.S. General Services Administration’s List of Parties Excluded from Federal Procurement or Non-procurement Programs,” as defined at 49 CFR Part 29, Subpart C.

- B. The Contractor agrees to refrain from awarding any subcontract of any amount (at any tier) to a debarred or suspended subcontractor, and to obtain a similar certification from any subcontractor (at any tier) seeking a contract exceeding \$25,000.
- C. The Contractor agrees to provide KCATA a copy of each conditioned debarment or suspension certification provided by a prospective subcontractor at any tier, and to refrain from awarding a subcontract with any party that has submitted a conditioned debarment or suspension certification until FTA approval is obtained.

ARTICLE 12: DISADVANTAGED BUSINESS ENTERPRISE (DBE)

- A. This Contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs. The national goal for participation of Disadvantaged Business Enterprises (DBE's) is 10 percent. *KCATA's overall goal for DBE participation is 8.5 percent. A separate contract goal has not been established for this procurement.*
- B. Contractors shall not discriminate on the basis of race, color, creed, sex, sexual orientation, gender identity, national origin, disability or age in the performance of this Contract. The Contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of this DOT-assisted contract. Failure by the Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as KCATA deems appropriate. Each subcontract the Contractor signs with a subcontractor must include the assurance in this paragraph (see 49 C.F.R. 26.13(b)). The Contractor may not substitute, remove or terminate a DBE subcontractor without KCATA's prior written consent. Written consent of termination may only be given if the Contractor has demonstrated good cause. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request. The Contractor must give the DBE five days to respond to the Contractor's notice and advise KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.
- C. **Good Cause.** Good cause includes the following circumstances:
 - 1. The listed DBE subcontractor fails or refuses to execute a written contract; or
 - 2. The listed DBE subcontractor fails or refuses to perform the work of its normal industry standards. Provided, however, that the good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Prime Contractor; or
 - 3. The listed DBE subcontractor fails or refuses to meet the Prime Contractor's reasonable, nondiscriminatory bond requirements; or
 - 4. The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness; or
 - 5. The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1200 or applicable state law; or
 - 6. The DBE subcontractor is not a responsible contractor; or
 - 7. The listed DBE subcontractor voluntarily withdraws from the project and provides the Prime Contractor

written notice of its withdrawal;

8. The listed DBE is ineligible to receive DBE credit for the type of work required;
9. A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract;
10. Other documented good cause that compels KCATA to terminate the DBE subcontractor. Provided the good cause does not exist if the Prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the Prime Contractor can self-perform the work for which the DBE contractor was engaged or so that the Prime Contractor can substitute another DBE or non-DBE contractor.

D. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request. The Prime Contractor must give the DBE five days to respond to the Prime Contractor's notice and advise the KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Prime Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.

ARTICLE 13: DISCLAIMER OF FEDERAL GOVERNMENT OBLIGATION OR LIABILITY

The Contractor, and any subcontractors acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of this contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Contractor, or any other party (whether or not a party to this Contract) pertaining to any matter resulting from this Contract. It is further agreed that the clause shall be included in each subcontract and shall not be modified, except to identify the subcontractor who will be subject to its provision.

ARTICLE 14: DISPUTE RESOLUTION

- A. Except as otherwise provided in this Contract, any dispute concerning a question of fact arising under this Contract which is not disposed of by agreement shall be decided by KCATA's Senior Manager of Procurement, who shall reduce the decision to writing and mail or otherwise furnish a copy to the Contractor. The decision of the Senior Manager of Procurement shall be final and conclusive unless within ten (10) days from the date of receipt of such copy the Contractor mails or otherwise furnishes a written appeal addressed to the Chief Executive Officer, with a copy to the Chief Operations Officer and the Senior Manager of Procurement. The determination of such appeal by the Chief Operations Officer shall be final and conclusive unless determined by a court of competent jurisdiction to have been fraudulent or capricious, arbitrary, or not supported by substantial evidence. In connection with any appeal proceeding under this clause the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its appeal. Pending final decision of a dispute hereunder, and unless otherwise directed in writing by KCATA, the Contractor shall proceed diligently with performance in accordance with the Senior Manager of Procurement's decision.
- B. The duties and obligations imposed by the Contract and the rights and remedies available hereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the KCATA or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

ARTICLE 15: EMPLOYEE ELIGIBILITY VERIFICATION

- A. To comply with Section 285.500 RSMo, *et seq.*, the Contractor is required by sworn affidavit and provision of documentation, to affirm its enrollment and participation in a federal work authorization program with respect to the employees working in connection with the contracted services. The Contractor shall also affirm that it does not knowingly employ any person in connection with the contracted services who does not have the legal right or authorization under federal law to work in the United States as defined in 8 U.S.C. §1324a(h)(3). The Contractor is required to obtain the same affirmation from all subcontractors at all tiers with contracts exceeding \$5,000.
- B. A federal work authorization program is any of the electronic verification of work authorization programs operated by the United States Department of Homeland Security (E-Verify) or an equivalent federal work authorization program operated by the United States Department of Homeland Security to verify information of newly hired employees, under the Immigration Reform and control Act of 1986 (IRCA), P.L.99-603.

ARTICLE 16: ENVIRONMENTAL REGULATIONS

- A. **Clean Air.** The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. §7401 *et seq.* The Contractor agrees to report, and to require each subcontractor at every tier receiving more than \$100,000 from this Contract to report any violation of these requirements resulting from any project implementation activity to KCATA. The Contractor agrees to include the requirements of this clause in all subcontracts under this Contract.
- D. **Recovered Materials/Recycled Products.** To the extent practicable and economically feasible, the Contractor agrees to provide a competitive preference for products and services that conserve natural resources and protect the environment and are energy efficient. Examples of such products may include, but are not limited to products described in U.S. Environmental Protection Agency guidelines at 40 CFR Part 247, which implements Section 6002 of the Resource Conservation and Recovery Act, as amended (42 U.S.C. 6962), and Executive Order 12873. The Contractor also agrees to include these requirements in each subcontract at every tier receiving more than \$10,000.
- E. **Clean Air Requirements for Transit Operations.** The U.S. EPA imposes requirements implementing the Clean Air Act, as amended, which may apply to public transportation operators, particularly operators of large public transportation bus fleets. Accordingly, the KCATA agrees to comply with the following U.S. EPA regulations to the extent they apply to the Project: “Control of Air Pollution from Mobile Sources,” 40 CFR Part 85; “Control of Air Pollution from New and In-Use Motor Vehicles and New and In-Use Motor Vehicle Engines,” 40 CFR Part 86; and “Fuel Economy of Motor Vehicles,” 40 CFR Part 600. The Contractor agrees to report, and to require each subcontractor at any tier receiving more than \$100,000 from this Agreement to report, any violation of these requirements resulting from any project implementation activity to KCATA.

KCATA will, in turn, report each violation as required to assure notification to FTA and the appropriate U.S. EPA Regional Office.
