

## **ADDENDUM NO. 1**

**Kansas City Area Transportation Authority  
1350 E. 17<sup>th</sup> Street  
Kansas City, Missouri 64108**

### **RFQ #18-7052-23 WHEEL REFURBISHING – COMMERCIAL STEELWHEELS**

Issue Date: July 5, 2018

---

This Addendum is hereby made a part of the Bidding Documents to the same extent as if it was originally included therein and is intended to modify and/or interpret the bidding documents by additions, deletions, clarifications or corrections. The Contractor shall acknowledge in the proposal the receipt of this Addendum.

---

#### **General Information**

Due to unforeseen circumstances the end date for this RFQ has been extended until 2:00 p.m. Friday, July 13, 2018.

#### **Questions Submitted by Potential Proposers and Answers:**

- 1. There are varying quantities listed throughout the RFQ. What is the best estimate of the number of tires to be refurbished monthly and yearly?**

**Answer:** Although it is difficult to determine an exact number of wheels to be refurbished monthly and yearly, experience tells us that a monthly total would average 30-40 wheels per month which would total a range of 360-480 for the year. Additionally, there could be another 60 wheels throughout the year for a total range of 420-540. These numbers are estimates and not a guarantee of the minimum/maximum number of tires that would be offered for refurbishment.

- 2. Inspected per ATA standard. Definition of what that standard is?**

- **Answer:** ATA expects the vendor to check wheels for cracks, oblong bolt-hole pattern and other defects that would, in the vendor's opinion render the wheels unsafe. Bolt holes shall be inspected with a "GO/NOGO" gauge, furnished by contractor.

- 3. Primer and finish coat? For powder coating also?**

- **Answer:** Wheels shall receive either a powder coat application, water base, or baked enamel paint. In any of these application methods the paint shall be a minimum of three-mil (3mm) thickness of disc face. In any of these application methods both the primer and finish coat color shall be white.

**End of Addendum #1**

**RECEIPT OF ADDENDA**

**RFQ #18-7052-23**  
**WHEEL REFURBISHING – COMMERCIAL STEELWHEELS**

Offerors shall return this **RECEIPT OF ADDENDA** form when submitting your bid. The form shall be signed and dated by an authorized representative of the firm. Failure to submit this form may deem the Offeror non-responsive.
