SECTION 2 SCOPE OF SERVICES

2.1 Introduction and Purpose

- A. The Kansas City Area Transportation Authority (KCATA) is the regional transit agency in the Kansas City metropolitan area. KCATA is a special purpose public authority created in 1965 through special legislative action by the states of Missouri and Kansas. A 10-member Board of Commissioner, with equal representation from both states, serves as the KCATA's policy governing body. The bi-state compact allows KCATA to operate transit in both states, although it does not provide for exclusive operation.

The counties are Cass, Clay, Jackson, and Platte in Missouri: and Johnson, Leavenworth, and Wyandotte in Kansas. Within the KCATA service area it operates a fleet of 240 buses on 53 routes, logging nearly 46,000 passenger trips every weekday.

General Scope of Work:

Below is a list of wayfinding features and scope of work that KCATA is interested in incorporating into new wayfinding technology along the Prospect BRT corridor and downtown. KCATA recognizes that no one system may include all of these identified features. Vendors shall submit proposals identifying capabilities of their individual wayfinding technologies and which new features they propose to develop.

- Development of a customized wayfinding mobile app for Prospect MAX bus stops and transit centers. The app should be compatible with iOS (VoiceOver) and Android (TalkBack) phone users. A wayfinding website is preferred to enable users to plan trips ahead of time.
- The Selected vendor shall work with Alphapointe's Orientation and Mobility (O&M) staff to develop content for the mobile app wayfinding system. Alphapointe, located at the south terminus of the Prospect MAX route (75th & Prospect Ave.) employs approximately 400 people of which more than 50% are visually impaired. It is a multi-faceted organization with an array of divisions, products and services. They are Kansas City's regional leader for vision rehabilitation, education and advocacy and can help anyone experiencing vision loss.

Alphapointe has agreed to provide local staff to obtain and assist Vendor in development of content for the wayfinding app but the selected vendor shall be responsible for final delivery of the mobile app and content integration customized for each station, transit center and intersections. ***Alphapointe's content development services shall be compensated directly by KCATA and therefore Alphapointe's project costs shall not be included in the Vendor's cost proposal (Attachment D).***

- The app shall be able to guide visually impaired transit riders to and within Prospect MAX bus stations and transit centers through real time audio instructions.
- Once app users arrive within proximity of the stations, generally at street intersections, they will receive step by step audio guidance, using proximity sensors located at each location. Audio guidance shall include non-visual cues, surrounding landmarks descriptions, etc. to navigate to and within the nearest bus station.

- Upon arrival at a bus stop, the app shall describe the available bus schedule information including route number, direction of travel, real time or scheduled arrival times for the next buses scheduled to arrive at that location.
- Tactile maps or low vision maps may be proposed for the wayfinding system to enhance the user’s experience.
- Vendor shall include a 5-year extended warranty plan for the wayfinding system to assure continuous operation, including replacement or adjustment of proximity sensors, regular (e.g. quarterly or semi-annual) content evaluation and updates, software updates, etc. The vendor and KCATA should be able to remotely monitor the status of all sensors monthly to verify they remain active and operational.
- Vendor may propose additional services and or deliverables not included in this solicitation that may be deemed as value add or enhancement to the long-term benefits of the system.
- In summary, the wayfinding mobile app shall provide information for users to:
 - Confirm the users starting trip location.
 - Step by step navigation guidance to and from 48 MAX stations and 72 intersections (24 in Base Bid; 48 in Add Alternates). 15 of these intersections are in the Downtown area and will require a higher level of content development.
 - Provide landmark descriptions and locations within 300 feet of each intersection.
 - Audibly describe the available bus schedule information including route number, direction of travel, real time or scheduled arrival times for the next buses scheduled to arrive at that location. Obtain this information from existing GTFS feeds from KCATA’s transit management system.
 - Set the Bluetooth range for proximity sensors in a way that ensures continuous coverage of step by step navigation guidance from the nearest intersection to each MAX stations and the nearest intersection each direction from the Prospect MAX stations in the Prospect Avenue corridor and downtown. Proximity sensors shall have a minimum 200-yard range.

Design Requirements for Developing Mobile Apps

- Avoid additional screens as much as possible: A Visually Impaired (VI) user would face frustration in using finger gestures to get back and forth in a multi-layer menu and thus a flat structure should be used as much as possible in the interface.
- Less is more: Users typically dislike navigating through a page filled with too many buttons. A few functionalities that convey a lot of information is optimal.
- Layered information delivery: Users with varying abilities will need different amount of information. Having information interlaced with gestures is preferred, so additional information is presented only on-demand.
- Orientation and Mobility protocols: The app needs to be consistent with the Orientation and Mobility (O&M) guidelines and protocols in presenting the information.
- Supporting user notes: Every user is unique, and they might pick different cues about their surroundings. A mechanism for users to record their own markings would enhance the usefulness of the application. An additional note, using angles for direction is probably not effective, but users are typically familiar with terms like “diagonally right/left”.
- Supporting user customization: Low-vision and completely blind users have different requirements. Users may prefer measuring distance in different ways. Some users prefer the description of distances given in steps, as opposed to feet; low-vision users may still enjoy the availability of a zoomed (low vision) map. The app should allow some user-level customization to support such features.
- Longer safer routes maybe preferred over shorter routes with parking lots or obstacles.
- Description of the surroundings can be effectively done in terms of the egocentric (self-to-object) and/or allocentric (object-to-object) method. The usability and preference of this description varies widely from user to user and by location.

Accessibility Audit

KCATA expects that selected vendor shall conduct accessibility audit (either external or in-house expert) to make sure that wayfinding app is conveniently accessible to all visually impaired mobile app users. Accessibility auditor shall verify that developed wayfinding mobile app follows Web Content Accessibility Guidelines (WCAG) 2.0 and fulfill Section 508 requirements.

Section 508 Compliance:

The US Rehabilitation Act of 1973 was amended in 1986 and again in 1998 to include all information technology, including computer hardware, software and documentation. These amendments also created enforcement measures to mandate compliance for websites, documents, and applications developed with US Federal funding or for US government agencies.

**SECTION 3.
PROPOSAL INSTRUCTIONS**

3.1 General Information

- A. The terms “solicitation” and “Request for Proposals” and “RFP” are used interchangeably, and the terms “offer” and “proposal” are used interchangeably. The terms “Proposer,” “Contractor” and “Offer or” are also used interchangeably.
- B. **Interested firms may submit proposals until 2:00 p.m. on March 25, 2019.** Proposals received after the time specified may not be considered for award. - C. In cases where communication is required between Proposers and the KCATA, such as requests for information, instruction, and clarification of specifications, such communication shall be forwarded in writing directly to Kristen Emmendorfer at kristene@kcata.org by the indicated deadline. The subject line of electronic communications must reference the RFP number and title.
- D. Submitting a proposal constitutes a firm offer to KCATA for one hundred twenty (120) days from the closing date.
- E. KCATA is not responsible for any cost or expense that may be incurred by the Proposer before the execution of a contract, including costs associated with preparing a proposal or interviews.

3.2 Reservations

- A. KCATA reserves the right to waive informalities or irregularities in proposals, to accept or reject any or all proposals, to cancel this RFP in part or in its entirety, and to re-advertise for proposals if it is in the best interest of the Authority. KCATA shall be the sole judge of what is in its best interest with respect to this RFP.
- B. KCATA reserves the right to make multiple awards if it is in the best interest of the Authority.
- C. KCATA also reserves the right to award a contract solely on the basis of the initial proposal without interviews or negotiations. Therefore, offers should be submitted to KCATA on the most favorable terms possible, from a technical standpoint.

3.3 Proposer’s Responsibilities

- A. By submitting a proposal, the Proposer represents that:
 - 1. The Proposer has read and understands the RFP and the proposal is made in accordance with the RFP requirements and instructions;
 - 2. The Proposer possesses the capabilities, resources, and personnel necessary to provide

efficient and successful service to KCATA; and

If the proposal is made by a joint venture, the full names and addresses of all members of the joint venture should be given and one authorized member should sign the proposal.

3.5 Withdrawal & Incomplete Proposals

- A. Proposals may be withdrawn upon written request received by KCATA before proposal closing. Withdrawal of a proposal does not prejudice the right of the Proposer to submit a new proposal, provided the new proposal is received before the closing date.
- B. Incomplete proposals may render the proposal non-responsive.

3.6 Modification of Proposals

Any proposal modifications or revisions received after the time specified for proposal closing may not be considered.

3.7 Unbalanced Proposals

KCATA may determine that an offer is unacceptable if the prices proposed are materially unbalanced. An offer is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work.

3.8 Protests

- A. The following protest procedures will be employed for this procurement. For the purposes of these procedures, "days" shall mean business days of KCATA administrative personnel which are days other than a Saturday, Sunday or legal holiday observed by KCATA for such administrative personnel.
 1. **Pre-Submittal.** A pre-submittal protest is received prior to the proposal due date. Pre-submittal protests must be received by the Authority, in writing and addressed to KCATA's Director of Procurement, no later than five (5) days before the bid closing date.
 2. **Post-Submittal/Pre-Award.** A post-submittal/pre-award protest is a protest against making an award and is received after receipt of proposals but before award of a contract. Post-submittal protests must be received by the Authority, in writing and addressed to the KCATA's Director of Procurement, no later than five (5) days after the bid closing date.

3. **Post-Award.** Post-Award protests must be received by the Authority, in writing and addressed to KCATA's Director of Procurement, no later than five (5) days after the date of the Notice of Intent to Award.
- B. KCATA's Director of Procurement shall respond in writing within five (5) days from the date of the written request. If the protester is not satisfied with the response of the Director of Procurement, the protester may appeal in writing to KCATA's Chief Financial Officer within five (5) days from the date of the Director of Procurement's response.
 - C. The Chief Financial Officer will decide if the protest and the appeal (if any) have been given fair and reasonable consideration, or if additional consideration is warranted. The Chief Financial Officer's response will be provided within ten (10) days after receipt of the request. The Chief Financial Officer's decision is final and no further action on the protest shall be taken by the KCATA.
 - D. By written notice to all parties, KCATA's Director of Procurement may extend the time provided for each step of the protest procedures, extend the date of notice of award, or postpone the award of a contract if deemed appropriate for protest resolution.
 - E. Protesters shall be aware of the Federal Transit Administration's (FTA) protest procedures with the FTA Regional Office (ref: FTA Circular 4220.1F) If federal funding is involved, FTA will review protests from a third party only when: 1) a grantee does not have a written protest procedure or fails to follow its procedure or fails to review a complaint or protest; or 2) violations of specific federal laws or regulations have occurred.
 - F. An appeal to FTA must be received by FTA's regional office within five (5) working days of the date the protester learned or should have learned of KCATA's decision. Protests shall be addressed to: Regional Administrator, FTA Region 7, 901 Locust, Room 404, Kansas City, Missouri, 64106.

3.9 Disclosure of Proprietary Information.

- A. A proposer may restrict the disclosure of scientific and technological innovations in which it has a proprietary interest, or other information that is protected from public disclosure by law, which is contained in the proposal by:
 1. marking each page of each such document prominently in at least 16-point font with the words "Proprietary Information;"
 2. printing each page of each such document on a different color paper than the paper on which the remainder of the proposal is printed; and
 3. segregating each page of each such document in a sealed envelope, which shall prominently display, on the outside, the words "Proprietary Information" in at least 16-point font, along with the name and address of the Proposer.
- B. After either a contract is executed pursuant to this RFP, or all proposals are rejected, the proposals will be considered public records open for inspection. If access to documents marked "Proprietary Information," as provided above, is requested under the Missouri Sunshine Law, Section 610 of the Revised Statutes of Missouri, the KCATA will notify the Proposer of the request and the Proposer shall have the burden to establish that such documents are exempt from disclosure under the law. Notwithstanding the foregoing, in response to a formal request for information, the KCATA reserves

the right to release any documents if the KCATA determines that such information is a public record pursuant to the Missouri Sunshine Law.

3.10 Disadvantaged Business Enterprise (DBE) Requirements

- A. It is the policy of KCATA and the United States Department of Transportation (USDOT) that Disadvantaged Business Enterprises (DBE's) and Small Business Enterprises (SBE's), as defined herein and in the Federal regulations published as 49 CFR Part 26, shall have an equal opportunity to participate in DOT-assisted contracts. It is also the policy of KCATA to:
1. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
 2. Create a level playing field on which DBE's/SBE's can compete fairly for DOT-assisted contracts;
 3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
 4. Ensure that only firms that fully meet 49 CFR Part 26 eligibility are permitted to participate as DBE's;
 5. Help remove barriers to the participation of DBE's in DOT assisted contracts;
 6. To promote the use of DBE's in all types of federally assisted contracts and procurement activities; and
 7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.
- B. **Non-discrimination.** Proposers shall not discriminate on the basis of race, color, creed, age, sex, sexual orientation, gender identity, national origin or disability in the performance of this project. The Proposer shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the Proposer to carry out these requirements is a material breach of the resulting contract, which may result in the termination of the contract or such other remedy as KCATA deems appropriate.
- C. **DBE Certification.** DBE firms may participate as prime Contractors, subcontractors or suppliers. KCATA will only recognize firms that are certified as DBEs under the DOT guidelines found in 49 CFR Part 26. Firms must be certified as a DBE by a member of the Missouri Regional Certification Committee, which includes KCMO, MoDOT, City of St. Louis, Metro in St. Louis or KCATA. A list of certified firms may be found at www.modot.mo.gov/ecr/index.htm.
- E. **DBE Participation Credit.** DBE firms may participate as Prime Contractors, Subcontractors or Suppliers.

The following shall be credited towards achieving the goals, except as provided herein:

1. The total contract dollar amount that a qualified DBE Prime Contractor earns for that portion of work on the contract that is performed by its own workforce, is performed in a category in which the DBE is currently certified and is a commercially useful function as defined by the Program.

2. The total contract dollar amount that a Prime Contractor has paid or is obligated to pay to a subcontractor that is a qualified DBE; and
 3. Subcontractor participation with a lower tier DBE subcontractor; and
 4. Sixty percent (60%) of the total dollar amount paid or to be paid by a Prime Contractor to obtain supplies or goods from a supplier who is not a manufacturer and who is a qualified DBE. If the DBE is a manufacturer of the supplies, then one hundred percent (100%) may be credited, to be determined on a case-by-case basis.
 5. NO CREDIT, however, will be given for the following:
 - a. Participation in a contract by a DBE that does not perform a commercially useful function as defined by the Program; and
 - b. Any portion of the value of the contract that a DBE Subcontractor subcontracts back to the prime contractor or any other contractor who is not a qualified DBE; and
 - c. Materials and supplies used on the contract unless the DBE is responsible for negotiating the price, determining quality and quantity, ordering the materials and installing (where applicable) and paying for material itself; and
 - d. Work performed by a DBE in a scope of work other than that in which the DBE is currently certified.
- F. **Good Faith Efforts.** Failure to meet the contracted DBE participation commitment without documented evidence of good faith efforts may result in termination of the contract.
1. In evaluating good faith efforts, KCATA will consider whether the Proposer has performed the following, along with any other relevant factors:
 - a. Soliciting through all reasonable and available means (e.g. attendance at pre-proposal conferences, advertising and/or written notices) the interest of all certified DBEs who have the capability to perform the work of the contract. The Proposer must solicit this interest within sufficient time to allow the DBEs to respond to the solicitation. The Proposer must determine with certainty if the DBEs are interested by taking appropriate steps to follow up initial solicitations. Copies of the solicitation efforts (dated facsimiles, advertisements, emails) must be submitted.
 - b. Selecting portions of the work to be performed by DBEs in order to increase the likelihood that the DBE goals will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate DBE participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces.
 - c. Providing interested DBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.

- d. Negotiating in good faith with interested DBEs.
2. It is the Proposer's responsibility to make a portion of the work available to DBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and suppliers, so as to facilitate DBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the work.
 3. A Proposer using good business judgment would consider a number of factors in negotiating with subcontractors, include DBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a Proposer's failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the bidder of the responsibility to make good faith efforts. Prime contractors are not, however, required to accept higher quotes from DBEs if the price difference is excessive or unreasonable.
 4. Not rejecting DBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The contractor's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the contractor's efforts to meet the project goal.
 5. Making efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance as required by the KCATA or contractor.
 6. Making efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.
 7. Effectively using the services of available minority/women community organizations; minority/women contractors' groups; local, state, and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of DBEs.
 8. In determining if the Contractor did use good faith efforts in securing DBE Participation, KCATA may request copies of each DBE and non-DBE subcontractor quote in the event a non-DBE subcontractor was selected over a DBE for work on the contract.
- G. **Request for Modification, Replacement or Termination of Disadvantaged Business Enterprise (DBE) Project Participation.** Contractor is responsible for meeting or exceeding the DBE commitment it has proposed for the project and as amended by any previously approved Request for DBE Modification/Substitution. Any Change Orders or amendment modifying the amount Contractor is to be compensated will impact the amount of compensation due to DBEs for purposes of meeting or exceeding the Proposer commitment. Contractor shall consider the effect of a Change Order or amendment and submit a Request for Modification/Substitution if the DBE commitment changes.

- A. **Termination Only for Cause** - Once the contract has been awarded; Contractor may not terminate a DBE subcontractor without KCATA's prior written consent. This includes, but is not limited to, instances in which a Contractor seeks to perform work originally designated for a DBE subcontractor with its own forces or those of an affiliate, a non-DBE firm, or with another DBE firm.
2. **Good Cause** - Good cause includes the following circumstances:
- a. The listed DBE subcontractor fails or refuses to execute a written contract; or
 - b. The listed DBE subcontractor fails or refuses to perform the work of its normal industry standards. Provided, however, that the good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Prime Contractor; or
 - c. The listed DBE subcontractor fails or refuses to meet the Prime Contractor's reasonable, nondiscriminatory bond requirements; or
 - d. The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness; or
 - e. The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1200 or applicable state law; or
 - f. The DBE subcontractor is not a responsible contractor; or
 - g. The listed DBE subcontractor voluntarily withdraws from the project and provides the Prime Contractor written notice of its withdrawal;
 - h. The listed DBE is ineligible to receive DBE credit for the type of work required;
 - i. A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract;

- E. **Waiver of Remedies for any Breach.** In the event that KCATA elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Agreement, such waiver by KCATA shall not limit KCATA's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Agreement.
- F. **Property of KCATA.** Upon termination of this Contract for any reason, and if the Contractor has any property in its possession or under its control belonging to KCATA, the Contractor shall protect and preserve the property or pay KCATA full market value of the property, account for the same, and dispose of it in the manner KCATA directs. Upon termination of this Contract for any reason, the Contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to KCATA's Project Manager all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this Contract, whether completed or in process.

33. TEXTING WHILE DRIVING AND DISTRACTED DRIVING

Consistent with Executive Order No. 13513, "Federal Leadership on Reducing Text Messaging While Driving," October 1, 2009, 23 U.S.C. Section 402 note, and DOT Order 3902.10, "Text Messaging While Driving," December 30, 2009, the Contractor agrees to promote policies and initiatives for its employees and other personnel that adopt and promote safety policies to decrease crashes by distracted drivers, including policies to ban text messaging while driving, and to encourage each subcontractor to do the same.

34. UNAVOIDABLE DELAYS

- A. A delay is unavoidable only if the delay was not reasonably expected to occur in connection with or during the Contractor's performance, and was not caused directly or substantially by acts, omissions, negligence, or mistakes of the Contractor, the Contractor's suppliers or their agents, and was substantial and in fact caused the Contractor to miss delivery dates, and could not adequately have been guarded against by contractual or legal means.
- B. **Notification of Delays.** The Contractor shall notify the Director of Procurement as soon as the Contractor has, or should have, knowledge that an event has occurred which will cause an unavoidable delay. Within five (5) days, the Contractor shall confirm such notice in writing, furnishing as much as detail as is available.
- C. **Request for Extension.** The Contractor agrees to supply, as soon as such data is available, any reasonable proof that is required by the Director of Procurement to make a decision on any request for extension. The Director of Procurement shall examine the request and any documents supplied by the Contractor and shall determine if the Contractor is entitled to an extension and the duration of such extension. The Director of Procurement shall notify the Contractor of its decision in writing.
- D. It is expressly understood and agreed that the Contractor shall not be entitled to damages or compensation, and shall not be reimbursed for losses on account of delays resulting from any cause under this provision, except to the extent the Contractor's delay was attributable to KCATA's non-performance of its duties herein.

35. GENERAL PROVISIONS

- A. **No Third-Party Beneficiaries.** The parties do not intend to confer any benefit hereunder on any person, firm or entity other than the parties hereto.
- B. **Extensions of Time.** No extension of time for performance of any Contractor obligations or acts shall be deemed an extension of time for performance of any other obligations or acts.

- D. **Time Periods.** A "business day" is a business working day of KCATA administrative personnel which are days other than a Saturday, Sunday or legal holidays observed by the KCATA for administrative personnel. If the time period by which any right or election provided under this Contract must be exercised, or by which any act required hereunder must be performed, expires on a day which is not a business day, then such time period shall be automatically extended through the close of business on the next regularly scheduled business day.
- E. **Binding Effect.** This Contract shall bind and inure to the benefit of the legal representatives, successors and permitted assigns of the parties.

And, in proving this Contract, it shall not be necessary to produce or account for more than one such counterpart executed by the party against whom enforcement is sought.
- G. **Interpretation; Update of Citations.** Unless otherwise specified herein, (a) the singular includes the plural and the plural the singular; (b) words importing any gender include the other genders; and (c) references to persons or parties

include their permitted successors and assigns. The parties recognize and agree that many of the laws, regulations, policies, procedures and directives stated as governing the Contractor's performance of its work or services, or the supplying of products, equipment, or materials, pursuant to this Contract are subject to updating, amendment or replacement. Therefore, all such references in this Contract are agreed by the parties to be deemed to refer to the then current updated, amended or replacement form of such laws, regulations, policies, procedures and directives in effect at the applicable time during the term of this Contract and the same are hereby incorporated into this Contract by this reference.

- H. **When Effective.** Notwithstanding any provision contained in this Contract to the contrary, this Contract shall become effective only after the execution and delivery of this Contract by each of the parties hereto and no course of conduct, oral contract or written memoranda shall bind the parties hereto with respect to the subject matter hereof except this Contract.
- I. **Further Actions; Reasonableness and Cooperation by Parties; Time for Certain Actions.** Each party agrees to take such further actions and to execute such additional documents or instruments as may be reasonably requested by the other party to carry out the purpose and intent of this Contract. Except where expressly stated to be in a party's sole discretion, or where it is stated that a party has the ability to act in its sole judgment or for its own uses or purposes, wherever it is provided or contemplated in this Contract that a party must give its consent or approval to actions or inactions by the other party or a third party in connection with the transactions contemplated hereby, such consent or approval will not be unreasonably withheld or delayed. If no time period is set hereunder for a party to approve or consent to an action or inaction by the other party or a third party such approval shall be given or affirmatively withheld in writing within ten (10) business days after it is requested in writing or it shall be deemed given.
- J. **Survival.** In addition to any provisions expressly stated to survive termination of this Contract, all provisions which by their terms provide for or contemplate obligations or duties of a party which are to extend beyond such termination (and the corresponding rights of the other party to enforce or receive the benefit thereof) shall survive such termination.
- K. **Authority of Signatories.** Any person executing this Contract in a representative capacity represents and warrants that such person has the authority to do so and, upon request, will furnish proof of such authority in customary form.

36. FTA REQUIRED CLAUSES

- A. **Changes to Federal Requirements.** Contractor shall at all times be aware and comply with all applicable Federal Transit Administration regulations, policies, procedures and directives, including without limitation, those listed directly or by reference in the Agreement between the Authority and FTA (FTA MA (24) dated October 1, 2017), as they may be amended or promulgated from time to time during the term of this Contract. Contractors' failure to so comply shall constitute a material breach of this Contract. Contractor agrees to include this clause in all subcontracts at any tier. It is further agreed that the clause shall not be modified, except to identify the subcontractors who will be subject to its provisions.
- B. **Debarment and Suspension Certification.**
 - 1. The Contractor shall comply and facilitate compliance with U.S. DOT regulations "Nonprocurement Suspension and Debarment," 2 C.F.R. Part 1200, which adopts and supplements the U.S. Office of Management and Budget & U.S. OMB) "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 C.F.R. part 180.
 - 2. The Contractor, its principals and any affiliates, shall certify that it is not included in the "U.S. General Services Administration's List of Parties Excluded from Federal Procurement or Non-procurement Programs," as defined at 49 CFR Part 29, Subpart C.
 - 3. The Contractor agrees to refrain from awarding any subcontract of any amount (at any tier) to a debarred or suspended subcontractor, and to obtain a similar certification from any subcontractor (at any tier) seeking a

contract exceeding \$25,000.

4. The Contractor agrees to provide KCATA a copy of each conditioned debarment or suspension certification provided by a prospective subcontractor at any tier, and to refrain from awarding a subcontract with any party that has submitted a conditioned debarment or suspension certification until FTA approval is obtained.

C. **Disadvantaged Business Enterprise (DBE).**

1. It is the policy of KCATA and the United States Department of Transportation (USDOT) that Disadvantaged Business Enterprises (DBE's), as defined herein and in the Federal regulations published as 49 CFR Part 26, shall have an equal opportunity to participate in in DOT-assisted contracts. It is also the policy of KCATA to:
 - a. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
 - b. Create a level playing field on which DBE's can compete fairly for DOT-assisted contracts;
 - c. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
 - d. Ensure that only firms that fully meet 49 CFR Part 26 eligibility are permitted to participate as DBE's;
 - e. Help remove barriers to the participation of DBE's in DOT assisted contracts;
 - f. To promote the use of DBE's in all types of federally assisted contracts and procurement activities; and
 - g. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.
2. This Contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs. The national goal for participation of Disadvantaged Business Enterprises (DBE's) is 10 percent. *KCATA's overall goal for DBE participation is 15 percent. **No contract goal (0%) has been established for this procurement.***
3. The Contractor shall not discriminate on the basis of race, color national origin, or sex in the performance of this Contract. The Contractor shall carry out applicable requirements of 49 CFR. Part 26 in the award and administration of this DOT-assisted contract. Failure by the Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as KCATA deems appropriate. Each subcontract the Contractor signs with a subcontractor must include the assurance in this paragraph (see 49 C.F.R. 26.13(b)).
4. The Contractor may not substitute, remove or terminate a DBE subcontractor without KCATA's prior written consent. Written consent of termination may only be given if the Contractor has demonstrated good cause. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request. The Contractor must give the DBE five days to respond to the Contractor's notice and advise KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.
 - a. Good Cause. Good cause includes the following circumstances:
 - 1) The listed DBE subcontractor fails or refuses to execute a written contract; or

- 2) The listed DBE subcontractor fails or refuses to perform the work to its normal industry standards. Provided, however, that the good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Prime Contractor; or
1. The listed DBE subcontractor fails or refuses to meet the Prime Contractor's reasonable, nondiscriminatory bond requirements; or
2. The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness; or
3. The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1200 or applicable state law; or
4. The DBE subcontractor is not a responsible contractor; or
5. The listed DBE subcontractor voluntarily withdraws from the project and provides the Prime Contractor written notice of its withdrawal;
6. The listed DBE is ineligible to receive DBE credit for the type of work required;
7. A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract;
8. Other documented good cause that compels KCATA to terminate the DBE subcontractor. Provided the good cause does not exist if the Prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the Prime Contractor can self-perform the work for which the DBE contractor was engaged or so that the Prime Contractor can substitute another DBE or non-DBE contractor.

- b. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request. The Prime Contractor must give the DBE five days to respond to the Prime Contractor's notice and advise the KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Prime Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.

D. **Disclaimer of Federal Government Obligation or Liability.** The Contractor, and any subcontractors acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of this contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Contractor, or any other party (whether or not a party to this Contract) pertaining to any matter resulting from this Contract. It is further agreed that the clause shall be included in each subcontract and shall not be modified, except to identify the subcontractor who will be subject to its provision.

E. **Environmental Regulations.**

1. Clean Air. The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. §7401-7671q *et seq.* The Contractor agrees to report, and to require each subcontractor at every tier receiving more than \$100,000 from this Contract to report any violation of these requirements resulting from any project implementation activity to KCATA. KCATA will in turn, report each violation as required to assure notification to FTA and the appropriate U.S. EPA Regional Office.

2. Clean Water. The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. § 1251-1387 *et seq.* The Contractor agrees to report, and require each subcontractor at every tier receiving more than \$100,000 from this Contract to report, any violation of these requirements resulting from any project implementation activity to KCATA. The Contractor understands that KCATA will in turn, report each violation as required to assure notification to FTA and the appropriate U.S. EPA Regional Office
1. Energy Conservation. The Contractor agrees to comply with mandatory standards and policies relating to energy efficiency, which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act. The Contractor agrees to include the requirements of this clause in all subcontracts under this Contract.

F. Fraud and False or Fraudulent Statements or Related Acts.

1. The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 *et seq.* and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 CFR Part 31, apply to its actions pertaining to the Project. Upon execution of the Contract, the Contractor certifies and affirms the truthfulness and accuracy of any statement it has made, it makes, or may make pertaining to the project covered under this Contract. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.
2. The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government in connection with this Contract, the Government reserves the right to impose on the Contractor the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1), to the extent the Federal Government deems appropriate.
3. The Contractor agrees to include these clauses in each subcontract, and it is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

G. Incorporation of Federal Transit Administration Terms. The provisions in this Contract include certain standard terms and conditions required by the U.S. Department of Transportation (DOT), whether or not expressly set forth. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F or any revision thereto, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in the Contract. Contractor shall not perform any act, fail to perform any act, or refuse to comply with any KCATA requests that would cause KCATA to be in violation of the FTA terms and conditions. The Contractor agrees to include this clause in all subcontracts at any tier. It is further agreed that the clause shall not be modified, except to identify the subcontractors who will be subject to the provision.

H. Lobbying Restrictions.

1. The Contractor is bound by its certification contained in its offer to the Authority regarding the use of federal or non-federal funds to influence, or attempt to influence any federal officer or employee regarding the award, execution, continuation, or any similar action of any federal grant or other activities as defined in 31 U.S.C. 1352, 2 C.F.R. § 200.450, 2 C.F.R. part 200 appendix II (J) and 49 CFR Part 20. The Contractor agrees to comply with this requirement throughout the term of the Contract.
2. The Contractor agrees to include these requirements in all subcontracts at all tiers exceeding \$100,000 and to obtain the same certification and disclosure from all subcontractors (at all tiers).

I. National Intelligent Transportation System Architecture and Standards. The contractor agrees to conform, to the extent applicable, to the National Intelligent Transportation Systems (ITS) Architecture and Standards as required by SAFETEA-LU § 5307 ©, 23 U.S.C. § 512 note, and Contractor agrees to apply with FTA Notice, "FTA National ITS

Architecture Policy on Transit Projects” 66 Fed. Reg. 1455, January 8, 2001, and any further implementing directives, except to the extent FTA determines otherwise in writing.

J. Patents, Rights in Data and Copyrights

1. Rights in Data.

- a. The term "subject data" used in this clause means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under the Contract. The term includes graphic or pictorial delineation in media such as drawings or photographs; text in specifications or related performance or design-type documents; machine forms such as punched cards, magnetic tape, or computer memory printouts, and information retained in computer memory. The term "subject data" does not include financial reports, cost analyses, and similar information incidental to contract administration.
- b. The following restrictions apply to all subject data first produced in the performance of the Contract:
 - 1) Except for its own internal use, Contractor may not publish or reproduce subject data in whole or in part or in any manner or form, nor may Contractor authorize others to do so, without the written consent of KCATA, until such time as KCATA may have either released or approved the release of such data to the public.
 - 2) In accordance with 2 C.F.R. part 200, Appendix II (F) and 37 C.F.R. part 401, the Federal Government reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, the following subject data for "Federal Government purposes":
 - (a) Any subject data developed under the Contract, whether or not a copyright has been obtained; and
 - (b) Any rights of copyright purchased by KCATA or Contractor using Federal assistance in whole or in part provided by FTA.
 - 3) "For Federal Government Purposes" means use only for the direct purpose of the Federal Government. Without the copyright owner's consent, the Federal Government may not extend its Federal license to any other party. When FTA awards Federal assistance for experimental, developmental, or research work, it is FTA's general intention to increase transportation knowledge available to the public, rather than to restrict the benefits resulting from the work to participants in that work. Therefore, unless FTA determines otherwise, Contractor performing experimental, developmental, or research work, agrees to permit FTA to make available to the public, either FTA's license in the copyright to any subject data developed in the course of the Contract, or a copy of the subject data first produced under the Contract for which a copyright has not been obtained. If the experimental, developmental, or research work, which is the subject of the underlying Contract, is not completed for any reason whatsoever, all data developed under this Contract shall become subject data as defined previously and shall be delivered as the Federal Government may direct. This subsection, however, does not apply to adaptations of automatic data processing equipment or programs for the KCATA or Contractor's use whose costs are financed in whole or part with Federal assistance provided by FTA for transportation capital projects.
 - 4) Unless prohibited by state law, Contractor agrees to indemnify, save, and hold harmless KCATA and the Federal Government, its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or rights

of privacy, arising out of the publication, translation, reproduction, delivery, use or disposition of any data furnished under this Contract. The Contractor shall not be required to indemnify the Federal Government for any such liability arising out of the wrongful act of any employee, official, or agents of the Federal Government.

- 5) Nothing contained in this clause on rights in data shall imply a license to the KCATA or to the Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to KCATA or to the Federal Government under any patent.
- 6) Data developed by the KCATA or Contractor and financed entirely without using Federal assistance provided by the Federal Government that has been incorporated into work required by this Contract to which this clause has been added is exempt from the requirements of subsections (b), (c), and (d) of this clause, provided that the KCATA or Contractor identifies that data in writing at the time of delivery of the contract work.
- 7) Contractor agrees to include these requirements in each subcontract for experimental, developmental, or research work funded in whole or in part with federal assistance.

2. Patent Rights. If any invention, improvement, or discovery of the Contractors is conceived or first actually reduced to practice in the course of work under this Contract, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the Contractor agrees to notify KCATA immediately and provide a detailed report, who in turn shall ultimately notify the FTA. Unless the Federal Government later makes a contrary determination in writing, the KCATA and Contractor agree to take the necessary actions to provide, through FTA, those rights in that invention due the Federal Government as described in U.S. Department of Commerce regulations, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," 37 CFR Part 401 and 35 U.S.C 2000 *et seq.*

KCATA'S TRAVEL POLICY FOR CONTRACTORS

Contractors will be reimbursed for authorized and documented expenses incurred while conducting KCATA business. Expenses for a traveler's companion are not eligible for reimbursement. Contractors are expected to make prudent business decisions and comparison shop for airfares, rental cars, lodging, etc., and to keep in mind that they are being reimbursed with public monies.

Receipts, paid bills or other documentary evidence for expenditures must be submitted with requests for reimbursement. The request for reimbursement must clearly indicate the amount, date, place and essential character of the expenditures.

The KCATA reserves the right to modify this travel policy with proper notification to Contractors.

1. **Airfare:** Commercial airline, coach class seating only. When possible, trips should be planned far enough in advance to assure purchase discounts.
2. **Lodging:** The KCATA has negotiated special rates at specific hotels. Contractors may stay at the hotel of their choice but will be reimbursed no more than a maximum daily amount of \$160.00 plus tax unless the contractor obtains prior written authorization from KCATA.
3. **Meals:** The **actual costs** of meals, including tips of generally 15-17%, will be reimbursed up to a maximum of \$66 per person a day. Alcoholic beverages are **not** an eligible reimbursable expense.
4. **Auto Rental:** Rental or leased vehicles will not be reimbursed unless pre-approved in writing by KCATA in advance. The class of auto selected, if authorized, should be the lowest class appropriate for the intended use and number of occupants.
5. **Telephone:** Project-related, long-distance business calls will be reimbursed.
6. **Number of Trips to Travel Home on Weekends:** When extended stays in Kansas City are required, the KCATA will reimburse for trips home on weekends only every third weekend. In some instances, KCATA may require relocation of an employee to Kansas City.
7. **Taxis, Airport Shuttles, Public Transportation:** Transportation between the airport and hotel will be reimbursed. Contractors should consider the number in their party and compare taxi rates to airport shuttle fees when the shuttle serves the hotel.
8. **Personal Vehicle:** Mileage for usage of personal vehicles for business travel outside the seven-county Kansas City metropolitan area (Clay, Cass, Jackson and Platte Counties in Missouri; Johnson, Wyandotte and Douglas counties in Kansas) will be reimbursed at the current rate established by the Internal Revenue Service.
