REQUEST FOR PROPOSALS (RFP) #G21-4010-14A

**KANSAS CITY AREA TRANSPORTATION
AUTHORITY (KCATA) WEBSITE HOSTING SERVICES**

The Kansas City Area Transportation Authority (KCATA, ATA, Authority) is soliciting written proposals from qualified firms interested in hosting and managing the Authority's websites: www.RideKC.org and www.KCATA.org. The selected firm's project staff and proposed team must include professionals who have demonstrated qualifications and experience in the specific website management services identified in this RFP.

This project is not intended to be a redesign of the website. Services required are for website maintenance and hosting. The anticipated contract term is one (1) year with three, one-year extension options.

DBE/SBE Participation. It is the policy of KCATA and the United States Department of Transportation (USDOT) that Disadvantaged Business Enterprises (DBEs) and Small Business Enterprises (SBEs), as defined herein and in the Federal regulations published as 49 CFR Part 26, shall have an equal opportunity to participate in DOT-assisted contracts. It is also the policy of KCATA to:

1. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
2. Create a level playing field on which DBEs/SBEs can compete fairly for DOT-assisted contracts;
3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
4. Ensure that only firms that fully meet 49 CFR Part 26 eligibility are permitted to participate as DBE's;
5. Help remove barriers to the participation of DBEs in DOT assisted contracts;
6. To promote the use of DBEs/SBEs in all types of federally assisted contracts and procurement activities; and
7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.

KCATA's annual goal for DBE participation in DOT-assisted projects is 23.3%. **Because this project does not use federal funds, there is no DBE/SBE goal established for this project.**

Certified DBE and SBE firms are encouraged to submit proposals as Prime Contractors, Subcontractors or as a joint venture. Firms must be certified as a DBE by a member of the Missouri Regional Certification Committee, which includes KCMO, MoDOT, City of St. Louis, Metro in St. Louis or KCATA. A list of certified firms may be found at. *MBE and WBE certifications from other agencies will not be counted toward DBE participation.* For further information on this subject contact Mr. Whitney Morgan, KCATA's DBE/Grants Specialist, at (816) 346-0277 or wmorgan@kcata.org.

Minority-Owned Business Enterprise (MBE) and Women-Owned Business Enterprise (WBE) Participation. KCATA has established a locally based MBE and WBE Program that is very similar to FTA's DBE Program. KCATA will seek participation on projects when DBE and/or SBE goals cannot be established.

MBE/WBE firms may participate as prime contractors, subcontractors, or suppliers. KCATA will only recognize firms that are certified as MBEs/WBEs under the MBE/WBE Criteria based on 49 C.F.R. (Code of Federal Regulations) Part 26, Subpart D Firms (§26.61 through §26.73) where applicable, and Subpart E (§26.81 through §26.87) where applicable. Only firms certified with **KCATA, City of Kansas City, MO, State of Missouri Office of Equal Opportunity, or Kansas Department of Commerce** will be considered eligible to meet KCATA's MBE/WBE project goals. Each firm's signed MBE or WBE certificate, as well as the most recent MBE/WBE Annual Update Approval letter, will need to be included in their bid package to be considered for MBE or WBE goal participation. A list of certified firms from each agency is listed below:

Questions and requests for clarifications will be received until **2:00 p.m. CDT May 25, 2021**. If required, KCATA's response to these submissions will be in the form of an Addendum.

Any such contact would be grounds for disqualification of the Proposer.

SECTION 2 SCOPE OF WORK

2.1 Scope of Work

A. **Introduction.**

The Kansas City Area Transportation Authority (“KCATA” or “Authority”) was formed in 1965 by the signing of a bi-state compact between the States of Missouri and Kansas. The compact gives the KCATA responsibility for planning, constructing, owning, and operating transportation systems and facilities within the seven-county metropolitan area (Cass, Clay, Jackson, and Platte in Missouri, and Johnson, Leavenworth, and Wyandotte in Kansas).

B. **Background.**

1. The current site is fully database-driven using a commercial content management system (CMS) called Expression Engine. This software allows for easy and timely content and image updates, as well as site maintenance through a web browser on a desktop or mobile device. KCATA’s audience is current and potential customers of the area’s public transportation system. KCATA’s goal is to ease the information flow from the website to current and potential customers, and to provide it in a mobile-friendly way. The most used portion of the RideKC.org website is routes and schedules.
2. The KCATA.org website is the “corporate” website, with information about doing business with us, finding a job, financials, board governance. KCATA.org included information for riders. In 2014-2015, a new regional transit brand was created: RideKC. At that time a website introducing the brand was created, and in 2015-2016, customer information (schedules, fare information, bulletins, etc.) was transitioned to the RideKC.org website.
3. KCATA’s online store is supported by software and Stone Edge Order Manager software, enabling users to make secure credit card transactions. Online validation is required when eligible users purchase passes at a reduced fare price. Users must input a valid reduced fare ID number in order to complete the transaction. The reduced fare ID database is integrated with, and runs the same data as, the online store.
4. Visits to the websites, especially RideKC.org, are primarily via mobile devices. The following are prominent features at www.ridekc.org that encourage increased ridership and customer engagement.
 - Google Transit is an application that allows users to plan their bus trips, and receive a detailed itinerary and maps. KCATA provides a data feed quarterly to Google for Google Transit. KCATA’s IT department manages this function. The transit feed for Google Transit is available to the public and developers on the website. Registration is required prior to downloading.
 - WebWatch is a third-party .NET application that enables users to track the real-time location of any fixed-route bus via KCATA’s GPS technology. Users can follow

a bus traveling along its route by viewing WebWatch's live map. Users can also get the bus predicted arrival times and receive e-mail notifications of the bus arrival at a bus stop. ADA accessible/mobile-friendly information is also available. http://www.kcata.org/maps_schedules/webwatch/

- Facebook and Twitter supplement website and on-bus communications to alert and inform customers of temporary and permanent changes to RideKC routes. These social networking sites are also used to connect with customers through marketing and promotions. KCATA participates in additional social networks.
- Quarterly Online Newsletter.

C. Scope of Services.

1. **Website Support.** Proposing firms are expected to possess graphic design and programming capabilities within their team. Experience in website design and development with concentration in business-to-consumer and content-rich websites is required. Experience with database connectivity is essential for several key, critical components of KCATA's website including the following:
 - Schedules and Maps (RideKC.org)
 - Real-Time Vehicle Location and Arrival Information (RideKC.org)
 - Rider Bulletins, Notices, and Alerts (RideKC.org)
 - Customer Information (Fares, Rider Guides, General Information) (RideKC.org)
 - Employment Opportunities KCATA.org
 - Procurement Opportunities KCATA.org
 - Internal Communications Links
2. Web applications should include responsive design elements for compatibility with all current mobile technologies including smart phones, tablets, PC's, etc. The website must be maintained to function on all modern browsers including Google Chrome, Microsoft Edge, Android Webview, Safari, and Firefox. Backwards compatibility is required for at least two major releases of browser versions.
3. The Website must continue to support several functions currently available either website including a dynamic route and schedule lookup, connection to the Real-Time Arrival information (Web Watch), and connectivity to Google Transit for trip planning. These features rely on database connectivity; some to systems housed and maintained by KCATA.
4. KCATA staff will be responsible for website content creation and maintenance using Expression Engine content management tools.
5. Proposers should be able to train KCATA personnel to navigate and use website additions, enhancements, and content management solutions. Sensitivity to and understanding of governmental policies and regulations is a requirement. Transit-related experience is beneficial, but not required. Familiarity with the needs of a large

business and previous experience in developing and maintaining sites for organizations comparable in size is preferred.

- 2) Customers can find a route by number, find a route by name, or find a route by geographic location. KCATA assigns the geographic areas and is able to change these assignments. KCATA adds and deletes routes to the system. While this is not a common occurrence, service altered and route listings change.
- 3) Routes are connected to Rider Bulletins. When a route is displayed, related bulletins are displayed. Conversely, when a bulletin is displayed, related routes are displayed. For example, see

Premium Micro Transit Service is paid through an mobile app or with cash.) If pass purchasing is needed again, the consultant is expected to maintain, support and troubleshoot e-commerce capabilities for the site in order to allow business and individual customers to purchase passes and other KCATA merchandise. This will include, but not be limited to, setting up SSL (Secure Sockets Layer) encryption, creation of order forms and training for KCATA staff on processing orders.
- 8) Email marketing. KCATA has an email newsletter through MailChimp. The consultant is expected to support the MailChimp account and integrate newsletters and signups into the website.
- 9) Hosting. KCATA seeks a turnkey hosted solution for the website. Hosting servers must be capable of providing real-time service with minimal interruptions to users. Timely connectivity by users is vital. A detailed description of the hosted environment including service level agreements for site up time, emergency response procedures, backup, and disaster recovery should be included in the proposal. Include ability to address short term special event traffic. For example, additional resources were needed for the shuttles to the 2015 World Series Parade and the 2019 Super Bowl Parade. - F. KCATA is not responsible for any cost or expense that may be incurred by the Proposer before the execution of a contract, including costs associated with preparing a proposal or interviews.

3.2 Reservations

- A. KCATA reserves the right to waive informalities or irregularities in proposals, to accept or reject any or all proposals, to cancel this RFP in part or in its entirety, and to re-advertise for proposals if it is in the best interest of the Authority. KCATA shall be the sole judge of what is in its best interest with respect to this RFP.

- B. KCATA reserves the right to make multiple awards if it is in the best interest of the Authority.
- C. KCATA also reserves the right to award a contract solely on the basis of the initial proposal without interviews or negotiations. Therefore, offers should be submitted to KCATA on the most favorable terms possible, from a technical standpoint.

3.3 Proposer's Responsibilities

- A. By submitting a proposal, the Proposer represents that:
 - 1. The Proposer has read and understands the RFP and the proposal is made in accordance with the RFP requirements and instructions; and

- B. Incomplete proposals may render the proposal non-responsive.

3.6 Modification of Proposals

Any proposal modifications or revisions received after the time specified for proposal closing may not be considered.

3.7 Unbalanced Proposals

KCATA may determine that an offer is unacceptable if the prices proposed are materially unbalanced. An offer is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work.

3.8 Protests

- A. The following protest procedures will be employed for this procurement. For the purposes of these procedures, “days” shall mean business days of KCATA administrative personnel which are days other than a Saturday, Sunday or legal holiday observed by KCATA for such administrative personnel.
 - 1. **Pre-Submittal.** A pre-submittal protest is received prior to the proposal due date. Pre-submittal protests must be received by the Authority, in writing and addressed to KCATA’s Director of Procurement, no later than five (5) days before the bid closing date.
 - 2. **Post-Submittal/Pre-Award.** A post-submittal/pre-award protest is a protest against making an award and is received after receipt of proposals but before award of a contract. - C. The Chief Financial Officer will decide if the protest and the appeal (if any) have been given fair and reasonable consideration, or if additional consideration is warranted. The Chief Financial Officer’s response will be provided within ten (10) days after receipt of the request. The Chief Financial Officer’s decision is final and no further action on the protest shall be taken by the KCATA.
- D. By written notice to all parties, KCATA’s Director of Procurement may extend the time provided for each step of the protest procedures, extend the date of notice of award, or postpone the award of a contract if deemed appropriate for protest resolution.
- E. Protesters shall be aware of the Federal Transit Administration's (FTA) protest procedures with the FTA Regional Office (ref: FTA Circular 4220.1F) If federal funding is involved, FTA will review protests from a third party only when: 1) a grantee does not have a written protest procedure or fails to follow its procedure or fails to review a complaint or protest; or 2) violations of specific federal laws or regulations have occurred.
- F. An appeal to FTA must be received by FTA’s regional office within five (5) working days of the date the protester learned or should have learned of KCATA’s decision. Protests shall be addressed to: Regional Administrator, FTA Region 7, 901 Locust, Room 404, Kansas City, Missouri, 64106.

1. marking each page of each such document prominently in at least 16-point font with the words "Proprietary Information;"
 2. printing each page of each such document on a different color paper than the paper on which the remainder of the proposal is printed; and
 3. segregating each page of each such document in a sealed envelope, which shall prominently display, on the outside, the words "Proprietary Information" in at least 16-point font, along with the name and address of the Proposer.
- B. After either a contract is executed pursuant to this RFP, or all proposals are rejected, the proposals will be considered public records open for inspection. If access to documents marked "Proprietary Information," as provided above, is requested under the Missouri Sunshine Law, Section 610 of the Revised Statutes of Missouri, the KCATA will notify the Proposer of the request and the Proposer shall have the burden to establish that such documents are exempt from disclosure under the law. Notwithstanding the foregoing, in response to a formal request for information, the KCATA reserves the right to release any documents if the KCATA determines that such information is a public record pursuant to the Missouri Sunshine Law.

3.10 Disadvantaged Business Enterprise (DBE)

- A. It is the policy of KCATA and the United States Department of Transportation (USDOT) that Disadvantaged Business Enterprises (DBE's) and Small Business Enterprises (SBE's), as defined herein and in the Federal regulations published as 49 CFR Part 26, shall have an equal opportunity to participate in DOT-assisted contracts. It is also the policy of KCATA to:
1. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
 2. Create a level playing field on which DBE's/SBE's can compete fairly for DOT-assisted contracts;
 3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
 4. Ensure that only firms that fully meet 49 CFR Part 26 eligibility are permitted to participate as DBE's;
 5. Help remove barriers to the participation of DBE's in DOT assisted contracts;
 6. To promote the use of DBE's in all types of federally assisted contracts and procurement activities; and
 7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.
- B. **Non-discrimination.** Proposers shall not discriminate on the basis of race, color, creed, age, sex, sexual orientation, gender identity, national origin or disability in the performance of this project. The Proposer shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the Proposer to carry out these requirements is a material breach of the resulting contract, which may result in the termination of the contract or such other remedy as KCATA deems appropriate.
- C. **Because this project is not federally funded, there is no DBE or SBE goal established.** However, certified DBE, MBE, WBE and SBE firms are encouraged to submit proposals as prime or subcontractors.

- D. **DBE Certification.** DBE/SBE firms may participate as prime Contractors, subcontractors or suppliers. KCATA will only recognize firms that are certified as DBEs/SBEs under the DOT guidelines found in 49 CFR Part 26. Firms must be certified as a DBE/SBE by a member of the Missouri Regional Certification Committee, which includes KCMO, MoDOT, City of St. Louis, Metro in St. Louis or KCATA. A list of certified firms may be found at <https://www.modot.org/mrcc-directory> located on MoDOT's website.
- E. **Minority-Owned Business Enterprise (MBE) and Women-Owned Business Enterprise (WBE) Participation.**
1. KCATA has established a similar policy and program to promote MBE and WBE participation on projects when DBE and/or SBE goals cannot be established. Work orders that have no grant funding will be considered for MBE/WBE participation goals.
 2. MBE/WBE firms may participate as prime contractors, subcontractors, or suppliers. KCATA will only recognize firms that are certified as MBEs/WBEs under the MBE/WBE Criteria based on 49 C.F.R. (Code of Federal Regulations) Part 26, Subpart D Firms (§26.61 through §26.73) where applicable, and Subpart E (§26.81 through §26.87) where applicable. Only firms certified with **KCATA, City of Kansas City, MO, State of Missouri Office of Equal Opportunity, or Kansas Department of Commerce** will be considered eligible to meet KCATA's MBE/WBE project goals. Each firm's signed MBE or WBE certificate will need to be included in their bid package to be considered for MBE or WBE goal participation. A list of certified firms from each agency is listed below:
 - KCATA Certified Vendors <https://kcata.diversitycompliance.com/>
 - City of Kansas City, MO Certified Vendors <https://kcmohrd.mwdbe.com/>
 - Missouri Office of Equal Opportunity Certified Vendors <https://apps1.mo.gov/MWBCertifiedFirms/>
 - Kansas Department of Commerce Certified Vendors <http://mwbd.s.kansascommerce.com/>
 3. ***The following information applies to federally funded projects (as DBE and SBE) and non-federally funded projects (as MBE and WBE).***
 - a. **Participation Credit.** D/S/M/WBE Firms may participate as Prime Contractors, Subcontractors or Suppliers. The following shall be credited towards achieving the goals, except as provided herein:
 - 1) The total contract dollar amount that a qualified D/S/M/WBE Prime Contractor earns for that portion of work on the contract that is performed by its own workforce, is performed in a category in which the D/S/M/WBE is currently certified and is a commercially useful function as defined by the Program. Federal regulations require a D/SBE firm to perform a minimum of thirty percent (30%) of the contract value.
 - 2) The total contract dollar amount that a Prime Contractor has paid or is obligated to pay to a subcontractor that is a qualified D/S/M/WBE; and
 - 3) Subcontractor participation with a lower tier D/S/M/WBE subcontractor; and

- 4) Sixty percent (60%) of the total dollar amount paid or to be paid by a Prime Contractor to obtain supplies or goods from a supplier who is not a manufacturer and who is a qualified D/S/M/WBE. If the D/S/M/WBE is a manufacturer of the supplies, then one hundred percent (100%) may be credited, to be determined on a case-by-case basis.
- b. NO CREDIT, however, will be given for the following:
- 1) Participation in a contract by a D/S/M/WBE that does not perform a commercially useful function as defined by the Program; and
 - 2) Any portion of the value of the contract that a D/S/M/WBE Subcontractor subcontracts back to the prime contractor or any other contractor who is not a qualified DBE; and
 - 3) Materials and supplies used on the contract unless the D/S/M/WBE is responsible for negotiating the price, determining quality and quantity, ordering the materials and installing (where applicable) and paying for material itself; and
 - 4). Work performed by a D/S/M/WBE in a scope of work other than that in which the DBE is currently certified.
- c. Request for Modification, Replacement or Termination of D/S/M/WBE Project Participation. Contractor is responsible for meeting or exceeding the D/S/M/WBE commitment it has proposed for the project and as amended by any previously approved Request for D/S/M/WBE Modification/Substitution. Any Change Orders or amendment modifying the amount Contractor is to be compensated will impact the amount of compensation due to D/S/M/WBE s for purposes of meeting or exceeding the Proposer commitment. Contractor shall consider the effect of a Change Order or amendment and submit a Request for Modification/Substitution if the D/S/M/WBE commitment changes.
- 1) Termination Only for Cause. Once the contract has been awarded; Contractor may not terminate a DBE subcontractor without KCATA's prior written consent. This includes, but is not limited to, instances in which a Contractor seeks to perform work originally designated for a DBE subcontractor with its own forces or those of an affiliate, a non-DBE firm, or with another DBE firm.
 - 2) Good Cause - Good cause includes the following circumstances:
 - a. The listed DBE subcontractor fails or refuses to execute a written contract; or
 - b. The listed DBE subcontractor fails or refuses to perform the work of its normal industry standards. Provided, however, that the good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Prime Contractor; or

- c. The listed DBE subcontractor fails or refuses to meet the Prime Contractor's reasonable, nondiscriminatory bond requirements; or
 - d. The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness; or
 - e. The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1200 or applicable state law; or
 - f. The DBE subcontractor is not a responsible contractor; or
 - g. The listed DBE subcontractor voluntarily withdraws from the project and provides the Prime Contractor written notice of its withdrawal;
 - h. The listed DBE is ineligible to receive DBE credit for the type of work required;
 - i. A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract;
 - j. Other documented good cause that compels KCATA to terminate the DBE subcontractor. Provided the good cause does not exist if the Prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the Prime Contractor can self-perform the work for which the DBE contractor was engaged or so that the Prime Contractor can substitute another DBE or non-DBE contractor.
- 3) Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request.
- 4) The Prime Contractor must give the DBE five days to respond to the Prime Contractor's notice and advise the KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Prime Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.

- A. Invoices requesting payment shall be submitted electronically to KCATA's dedicated Accounts Payable email at payme@kcata.org with a copy sent to the Procurement Representative identified in this contract. All invoices shall be numbered, dated, and contain full descriptive information of materials or services furnished. All invoices and correspondence shall reference KCATA's contract number or purchase order number. Separate invoices shall be submitted for each purchase order or work (task) order.
- B. Payment by KCATA will be made within the later of 1) 30 days after receipt of a proper invoice, or 2) 30 days after KCATA's acceptance of supplies delivered or services performed by the Contractor. On a final invoice where the payment amount is subject to contract settlement actions, acceptance shall be deemed to have occurred on the effective date of the contract settlement.

C. All final invoices shall be submitted to KCATA within 90 days of project completion or contract termination. Invoices submitted more than 90 days after project completion or contract termination will not be valid and will not be paid. Contractor indemnifies and holds KCATA harmless for any suit filed for payment of invoices submitted after 90 days of project completion or contract termination.

D. **Subcontractor Payments.**

1. Prompt Payment. The Contractor shall establish procedures to ensure timely payment of amounts due pursuant to the terms of its subcontracts. The Contractor shall pay each DBE and non-DBE subcontractor for satisfactory performance of its contract, or any billable portion thereof, in accordance with the timing set forth in any applicable laws or no later than 30 days, whichever is less, from the date of the Contractor's receipt of payment from the Authority for work by that subcontractor.
2. Prompt Return of Retainage. If retainage is withheld from subcontractors, the Contractor is required to return any retainage payment to its DBE and non-DBE subcontractors in accordance with the timing set forth in any applicable laws or no later than 30 days, whichever is less, from the date of receipt of the retainage payment from the Authority related to the subcontractor's work. Any delay or postponement of payment from said time frame may occur only for good cause following written approval from KCATA.
3. The Contractor shall certify on each payment request to the Authority that payment has been or will be made to all subcontractors. Lien waivers may be required for the Contractor and its subcontractors. The Contractor shall notify KCATA on or before each payment request, of any situation in which scheduled subcontractor payments have not been made.
4. If a subcontractor alleges that the Contractor has failed to comply with this provision, the Contractor agrees to support any Authority investigation, and if deemed appropriate by the Authority, to consent to remedial measures to ensure that subcontractors are properly paid as set forth herein.
5. The Contractor agrees that the Authority may provide appropriate information to interested subcontractors who inquire about the status of Authority payments to the Contractor.
6. Nothing in this provision is intended to create a contractual obligation between the Authority and any subcontractor or to alter or affect traditional concepts of privity of contract between all parties.

30. RIGHT TO OFFSET

KCATA, without waiver or limitation of any rights, may deduct from any amounts due Contractor in connection with this Contract, or any other contract between Contractor and KCATA, any amounts owed by Contractor to KCATA, including amounts owed by Contractor pursuant to Contractor's obligation to indemnify KCATA against third party claims arising out of Contractor's performance of work under this Contract.

31. SEAT BELT USE POLICY

Contractor agrees to comply with terms of Executive Order No. 13043 "Increasing Seat Belt Use in the United States" and is encouraged to include those requirements in each subcontract awarded for work relating to this Agreement.

33. SUBCONTRACTORS

- A. **Subcontractor Approval.** None of the work or services covered by this Contract shall be subcontracted without the prior written approval of KCATA. The only subcontractors approved for this Contract, if any, are listed in an appendix to this Contract. Any substitutions or additions of subcontractors must have the prior written approval of KCATA as set forth herein.
- B. The Contractor is responsible for managing and directing the work of the Subcontractors and for all actions of subcontractors performing work under this Contract. Any contact from Subcontractors to KCATA shall be limited to KCATA's Director of Procurement.

- H. KCATA may perform random audits and contact minority subcontractors to confirm the reported DBE participation.

34. SUSPENSION OF WORK

KCATA may order the Contractor, in writing, to suspend, delay, or interrupt all or any part of the work under this agreement for the period of time that KCATA determines appropriate for the convenience of KCATA.

35. TERMINATION

- A. **Termination for Convenience.** The KCATA may terminate this Contract, in whole or in part, at any time by written notice to the Contractor when it is in KCATA's best interest. The Contractor will only be paid the Contract price for supplies delivered and accepted, or work or services performed in accordance with the manner of performance set forth in the Contract.
- B. **Funding Contingency.** If this Contract is subject to financial assistance provided by the U.S. Department of Transportation, the Contractor agrees that withdrawal or termination of such financial assistance by the U.S. DOT may require KCATA to terminate the agreement.
- C. **Termination for Default.**
 - 1. If the Contractor does not deliver supplies in accordance with the contract delivery schedule or according to specifications, or if the Contract is for services, and the Contractor fails to perform in the manner called for in the Contract, or if the Contractor fails to comply with any other provisions of the Contract, KCATA may terminate this Contract for default. Termination shall be effected by serving a notice of termination on the Contractor setting forth the manner in which the Contractor is in default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth cost of the Contract.
 - 2. If the termination is for failure of the Contractor to fulfill the contract obligations, KCATA may complete the work by contract or otherwise and the Contractor shall be liable for any additional cost incurred by KCATA. If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, KCATA, after setting up a new delivery or performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.
- D. **Opportunity to Cure.** KCATA in its sole discretion may, in the case of a termination for breach or default, allow the Contractor an appropriately short period of time in which to cure the defect. In such case, the written notice of termination will state the time period in which cure is permitted and other appropriate conditions. If Contractor fails to remedy to KCATA's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within

the time period permitted, KCATA shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude KCATA from also pursuing all available remedies legal and non-legal against Contractor and its sureties for said breach or default.

- E. **Waiver of Remedies for any Breach.** In the event that KCATA elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Agreement, such waiver by KCATA shall not limit KCATA's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Agreement.
- F. **Property of KCATA.** Upon termination of this Contract for any reason, and if the Contractor has any property in its possession or under its control belonging to KCATA, the Contractor shall protect and preserve the property or pay KCATA full market value of the property, account for the same, and dispose of it in the manner KCATA directs. Upon termination of this Contract for any reason, the Contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to KCATA's Project Manager all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this Contract, whether completed or in process.

36. TEXTING WHILE DRIVING AND DISTRACTED DRIVING

Section 402 note, and DOT Order 3902.10, "Text Messaging While Driving," December 30, 2009, the Contractor agrees to promote policies and initiatives for its employees and other personnel that adopt and promote safety policies to decrease crashes by distracted drivers, including policies to ban text messaging while driving, and to encourage each subcontractor to do the same.

37. UNAVOIDABLE DELAYS

- A. A delay is unavoidable only if the delay was not reasonably expected to occur in connection with or during the Contractor's performance, and was not caused directly or substantially by acts, omissions, negligence, or mistakes of the Contractor, the Contractor's suppliers or their agents, and was substantial and in fact caused the Contractor to miss delivery dates, and could not adequately have been guarded against by contractual or legal means.
- B. **Notification of Delays.** The Contractor shall notify the Director of Procurement as soon as the Contractor has, or should have, knowledge that an event has occurred which will cause an unavoidable delay. Within five (5) days, the Contractor shall confirm such notice in writing, furnishing as much as detail as is available.

The Director of Procurement shall notify the Contractor of its decision in writing.
- D.
