SYNTHETIC TRANSMISSION FLUID

ADDENDUM 1

Issue Date: June 6, 2019

---

This Addendum is hereby made a part of the Invitation for Bids to the same extent as if it was originally included therein and is intended to modify and/or interpret the proposal documents by additions, deletions, clarifications or corrections. The Contractor shall acknowledge in the proposal the receipt of this Addendum.

---

**BID QUESTIONS/COMMENTS:**

**Question:** Vendor talked with our ExxonMobil Engineers and he's thinking that the Voith specs you call out are geared towards a Dexron2. They do not have a product that will meet those? Can you double check the specs? If they are needed, we will not be able to bid any products. He also pointed out that the Dyna Plex 21C does not have the TES-295 spec listed.

**Answer:** Maintenance has reviewed the specifications. The product that we are requesting does not necessarily have to be Allison or Voith certified. It should, however, be in line with the minimum Allison and Voith specifications requested in the scope of work.

**END OF ADDENDUM 1**
