

ADDENDUM NO. 2  
REQUEST FOR QUALIFICATIONS (RFQ) F25-7009-29A

Construction Administration Services for 7<sup>th</sup> Street Corridor Improvements

Kansas City Area Transportation Authority  
1350 E. 17<sup>th</sup> Street  
Kansas City, Missouri 64108

Issue Date: April 18, 2025

---

This Addendum is hereby made a part of the Request for Qualifications (RFQ) and Project Documents to the same extent as if it was originally included therein and is intended to change and/or interpret the RFQ documents by additions, deletions, clarifications, or corrections. The Contractor shall acknowledge receipt of this Addendum in the proposal submittals.

---

QUESTIONS FROM PROPOSERS

1. Q: What project management system will be utilized for the 7<sup>th</sup> Street Construction Administration project (i.e. E-Builder, AASHTOaware, EBACS, etc...)?  
  
A: KCATA has not adopted a construction administration system. This is totally up to the consultant. KCATA would like to retain any records generated by the consultant's project management system in a manageable format.
  
2. Q: When is the start date for this project? Is there a schedule?  
  
A: The construction start date will be determined by a Notice to Proceed issued by KCATA's procurement department and the KCATA Project Management Office. The overall project duration has been determined to be 365 days. One of the tasks of the project team (CA consultant, KCATA, UG and Contractor) will be to formulate a project plan and schedule and continue to monitor and manage the plan and schedule.
