## SECTION 2 SCOPE OF SERVICES

### 2.1 Introduction and Purpose

- A. The Kansas City Area Transportation Authority (KCATA) is the regional transit agency in the Kansas City metropolitan area. KCATA is a special purpose public authority created in 1965 through special legislative action by the states of Missouri and Kansas. A 10-member Board of Commissioner, with equal representation from both states, serves as the KCATA's policy governing body. The bi-state compact allows KCATA to operate transit in both states, although it does not provide for exclusive operation.

The counties are Cass, Clay, Jackson, and Platte in Missouri; and Johnson, Leavenworth, and Wyandotte in Kansas. Within the KCATA service area it operates a fleet of 240 buses on 53 routes, logging nearly 46,000 passenger trips every weekday.

- B. The KCATA is seeking proposals from qualified consulting firms interested in providing transit radio infrastructure consulting services to provide recommendations and direction for the KCATA radio system to be expanded and fully interoperable in the region. The consultant will provide an analysis, conclusions, recommendations and directions as part of this study.
- C. The expectation is that the selected consultant firm will have an extensive radio systems background and be able to develop a comprehensive strategic plan to provide detailed implementation plans to identify interoperability and additional tower availability throughout the KCATA service area to expand and bolster service reliability.
- D. The goal of the study is to provide a plan to identify and provide recommendations of the best method to be used to integrate the KCATA legacy system with Mid America Regional Radio System (MARRS) System. This plan must preserve KCATA's ability to use the radio system without conflict or competition from other users.

### 2.2 Term and Renewal Option(s)

The term of this agreement shall be for a period of one (1) year from date of contract award. Work in process prior to expiration of the Agreement shall be completed and as construed by KCATA to be within the "contract term".

### 2.3 Current Radio Information

The KCATA current radio system consist of: DMR Tier III Trunked UHF radio system supporting both voice and data communications operating from one transmitter site. It is fully integrated with the Trapeze TransitMaster CAD/AVL system. KCATA radio communications are transmitted from a single tower using six proprietary licensed frequency pairs, three of which support analogue data. Communications and facility are on a dedicated microwave link with a redundant fiber link. The tower is located at 2800 Wallace Road, Kansas City, Missouri.

### 2.4 Scope of Work

background and be able to develop a comprehensive strategic plan to provide detailed implementation plans to identify interoperability and additional tower availability throughout the KCATA service area to expand and bolster service reliability.

- B. The goal of the study is to provide a catalogue of options to identify and provide recommendations of the best method to be used to integrate the KCATA legacy system with Mid America Regional Radio System (MARRS). This plan must preserve KCATA's ability to use the radio system without conflict or competition from other users.
- C. Consultants must be intimately familiar with governing rules and regulations as issued by the Federal Communications Commission (FCC) and other relevant agencies, and possess demonstrated subject matter expertise and hands-on experience in the following areas:
  - 1. Intimately familiar with the architecture and infrastructure of Kansas City Regional Mid America Regional Radio System
  - 2. Intimately familiar with the DMR Tier III Radio System

  - 4. Two-way radio communication hardware
  - 5. Software and systems
  - 6. Interoperable communications
  - 7. Dispatch communications solutions
  - 8. Radio frequency spectrum allocation – FCC licensing
  - 9. High capacity voice and data transport systems that support stable voice communications within the existing service area for hand held radios
- D. The selected consultant firm will perform the following task:
  - 1. Infrastructure and Needs Assessment
  - 2. Cost
  - 3. Consultant should review what is already in place and provide a plan for a path forward with each proposed recommendation.

**SECTION 3.  
PROPOSAL INSTRUCTIONS**

**3.1 General Information**

- A. The terms “solicitation” and “Request for Proposals” and “RFP” are used interchangeably, and the terms “offer” and “proposal” are used interchangeably. The terms “Proposer,” “Contractor” and “Offer or” are also used interchangeably.
- B. **Interested firms may submit proposals until 2:00 p.m. on May 31, 2019.** Proposals received after the time specified may not be considered for award. Proposals received via facsimile (fax) or electronic mail (e-mail) will not be considered. Proposals must be delivered or mailed to KCATA’s Procurement Department at 1350 E. 17th Street, Kansas City, MO 64108 to the attention of Denise Adams.
- C. In cases where communication is required between Proposers and the KCATA, such as requests for information, instruction, and clarification of specifications, such communication shall be forwarded in writing directly to Denise Adams at dadams@kcata.org by the indicated deadline. The subject line of electronic communications must reference the RFP number and title.
- D. Submitting a proposal constitutes a firm offer to KCATA for one hundred twenty (120) days from the closing date.
- E. KCATA is not responsible for any cost or expense that may be incurred by the Proposer before the execution of a contract, including costs associated with preparing a proposal or interviews.

**3.2 Reservations**

- A. KCATA reserves the right to waive informalities or irregularities in proposals, to accept or reject any or all proposals, to cancel this RFP in part or in its entirety, and to re-advertise for proposals if it is in the best interest of the Authority. KCATA shall be the sole judge of what is in its best interest with respect to this RFP.
- B. KCATA reserves the right to make multiple awards if it is in the best interest of the Authority.
- C. KCATA also reserves the right to award a contract solely on the basis of the initial proposal without interviews or negotiations. Therefore, offers should be submitted to KCATA on the most favorable terms possible, from a technical standpoint.

**3.3 Proposer’s Responsibilities**

- A. By submitting a proposal, the Proposer represents that:
  - 1. The Proposer has read and understands the RFP and the proposal is made in accordance with the RFP requirements and instructions;

If a corporation makes the proposal, an authorized officer should sign the proposal in the corporate name. If the proposal is made by a joint venture, the full names and addresses of all members of the joint venture should be given and one authorized member should sign the proposal.

### **3.5 Withdrawal & Incomplete Proposals**

- A. Proposals may be withdrawn upon written request received by KCATA before proposal closing. Withdrawal of a proposal does not prejudice the right of the Proposer to submit a new proposal, provided the new proposal is received before the closing date.
- B. Incomplete proposals may render the proposal non-responsive.

### **3.6 Modification of Proposals**

Any proposal modifications or revisions received after the time specified for proposal closing may not be considered.

### **3.7 Unbalanced Proposals**

KCATA may determine that an offer is unacceptable if the prices proposed are materially unbalanced. An offer is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work.

### **3.8 Protests**

- A. The following protest procedures will be employed for this procurement. For the purposes of these procedures, "days" shall mean business days of KCATA administrative personnel which are days other than a Saturday, Sunday or legal holiday observed by KCATA for such administrative personnel.
  1. **Pre-Submittal.** A pre-submittal protest is received prior to the proposal due date. Pre-submittal protests must be received by the Authority, in writing and addressed to KCATA's Director of Procurement, no later than five (5) days before the bid closing date.
  2. **Post-Submittal/Pre-Award.** A post-submittal/pre-award protest is a protest against making an award and is received after receipt of proposals but before award of a contract. 3. **Post-Award.** Post-Award protests must be received by the Authority, in writing and addressed to KCATA's Director of Procurement, no later than five (5) days after the date of the Notice of Intent to Award.
- B. KCATA's Director of Procurement shall respond in writing within five (5) days from the date of the written request. If the protester is not satisfied with the response of the Director of Procurement, the protester may appeal in writing to KCATA's Chief Financial Officer within five (5) days from the date of the Director of Procurement's response.
  - C. The Chief Financial Officer will decide if the protest and the appeal (if any) have been given fair and reasonable consideration, or if additional consideration is warranted. The Chief Financial Officer's response will be provided within ten (10) days after receipt of the request. The Chief Financial Officer's decision is final and no further action on the protest shall be taken by the KCATA.
  - D. By written notice to all parties, KCATA's Director of Procurement may extend the time provided for each step of the protest procedures, extend the date of notice of award, or postpone the award of a contract if deemed appropriate for protest resolution.
  - E. Protesters shall be aware of the Federal Transit Administration's (FTA) protest procedures with the FTA Regional Office (ref: FTA Circular 4220.1F) If federal funding is involved, FTA will review protests from a third party only when: 1) a grantee does not have a written protest procedure or fails to follow its procedure or fails to review a complaint or protest; or 2) violations of specific federal laws or regulations have occurred.
  - F. An appeal to FTA must be received by FTA's regional office within five (5) working days of the date the protester learned or should have learned of KCATA's decision. Protests shall be addressed to: Regional Administrator, FTA Region 7, 901 Locust, Room 404, Kansas City, Missouri, 64106.

  1. marking each page of each such document prominently in at least 16-point font with the words "Proprietary Information;"
  2. printing each page of each such document on a different color paper than the paper on which the remainder of the proposal is printed; and
  3. segregating each page of each such document in a sealed envelope, which shall prominently display, on the outside, the words "Proprietary Information" in at least 16-point font, along with the name and address of the Proposer.
- B. After either a contract is executed pursuant to this RFP, or all proposals are rejected, the proposals will be considered public records open for inspection. If access to documents marked "Proprietary Information," as provided above, is requested under the Missouri Sunshine Law, Section 610 of the Revised Statutes of Missouri, the KCATA will notify the Proposer of the request

and the Proposer shall have the burden to establish that such documents are exempt from disclosure under the law. Notwithstanding the foregoing, in response to a formal request for information, the KCATA reserves the right to release any documents if the KCATA determines that such information is a public record pursuant to the Missouri Sunshine Law.

### **3.10 Disadvantaged Business Enterprise (DBE) Requirements**

- A. It is the policy of KCATA and the United States Department of Transportation (USDOT) that Disadvantaged Business Enterprises (DBE's) and Small Business Enterprises (SBE's), as defined herein and in the Federal regulations published as 49 CFR Part 26, shall have an equal opportunity to participate in in DOT-assisted contracts. It is also the policy of KCATA to:
1. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
  2. Create a level playing field on which DBE's/SBE's can compete fairly for DOT-assisted contracts;
  3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
  4. Ensure that only firms that fully meet 49 CFR Part 26 eligibility are permitted to participate as DBE's;
  5. Help remove barriers to the participation of DBE's in DOT assisted contracts;
  6. To promote the use of DBE's in all types of federally assisted contracts and procurement activities; and
  7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.
- B. **Non-discrimination.** Proposers shall not discriminate on the basis of race, color, creed, age, sex, sexual orientation, gender identity, national origin or disability in the performance of this project. The Proposer shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the Proposer to carry out these requirements is a material breach of the resulting contract, which may result in the termination of the contract or such other remedy as KCATA deems appropriate.
- C. **DBE Certification.** DBE firms may participate as prime Contractors, subcontractors or suppliers. KCATA will only recognize firms that are certified as DBEs under the DOT guidelines found in 49 CFR Part 26. Firms must be certified as a DBE by a member of the Missouri Regional Certification Committee, which includes KCMO, MoDOT, City of St. Louis, Metro in St. Louis or KCATA. A list of certified firms may be found at [www.modot.mo.gov/ecr/index.htm](http://www.modot.mo.gov/ecr/index.htm).
- E. **DBE Participation Credit.** DBE firms may participate as Prime Contractors, Subcontractors or Suppliers.

The following shall be credited towards achieving the goals, except as provided herein:

1. The total contract dollar amount that a qualified DBE Prime Contractor earns for that portion of work on the contract that is performed by its own workforce, is performed in a

category in which the DBE is currently certified and is a commercially useful function as defined by the Program.

2. The total contract dollar amount that a Prime Contractor has paid or is obligated to pay to a subcontractor that is a qualified DBE; and
  3. Subcontractor participation with a lower tier DBE subcontractor; and
  4. Sixty percent (60%) of the total dollar amount paid or to be paid by a Prime Contractor to obtain supplies or goods from a supplier who is not a manufacturer and who is a qualified DBE. If the DBE is a manufacturer of the supplies, then one hundred percent (100%) may be credited, to be determined on a case-by-case basis.
  5. NO CREDIT, however, will be given for the following:
    - a. Participation in a contract by a DBE that does not perform a commercially useful function as defined by the Program; and
    - b. Any portion of the value of the contract that a DBE Subcontractor subcontracts back to the prime contractor or any other contractor who is not a qualified DBE; and
    - c. Materials and supplies used on the contract unless the DBE is responsible for negotiating the price, determining quality and quantity, ordering the materials and installing (where applicable) and paying for material itself; and
    - d. Work performed by a DBE in a scope of work other than that in which the DBE is currently certified.
- F. **Good Faith Efforts.** Failure to meet the contracted DBE participation commitment without documented evidence of good faith efforts may result in termination of the contract.
1. In evaluating good faith efforts, KCATA will consider whether the Proposer has performed the following, along with any other relevant factors:
    - a. Soliciting through all reasonable and available means (e.g. attendance at pre-proposal conferences, advertising and/or written notices) the interest of all certified DBEs who have the capability to perform the work of the contract. The Proposer must solicit this interest within sufficient time to allow the DBEs to respond to the solicitation. The Proposer must determine with certainty if the DBEs are interested by taking appropriate steps to follow up initial solicitations. Copies of the solicitation efforts (dated facsimiles, advertisements, emails) must be submitted.
    - b. Selecting portions of the work to be performed by DBEs in order to increase the likelihood that the DBE goals will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate DBE participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces.
    - c. Providing interested DBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to

a solicitation.

- d. Negotiating in good faith with interested DBEs.
2. It is the Proposer's responsibility to make a portion of the work available to DBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and suppliers, so as to facilitate DBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the work.
  3. A Proposer using good business judgment would consider a number of factors in negotiating with subcontractors, include DBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a Proposer's failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the bidder of the responsibility to make good faith efforts. Prime contractors are not, however, required to accept higher quotes from DBEs if the price difference is excessive or unreasonable.
  4. Not rejecting DBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The contractor's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the contractor's efforts to meet the project goal.
  5. Making efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance as required by the KCATA or contractor.
  6. Making efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.
  7. Effectively using the services of available minority/women community organizations; minority/women contractors' groups; local, state, and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of DBEs.
  8. In determining if the Contractor did use good faith efforts in securing DBE Participation, KCATA may request copies of each DBE and non-DBE subcontractor quote in the event a non-DBE subcontractor was selected over a DBE for work on the contract.
- G. **Request for Modification, Replacement or Termination of Disadvantaged Business Enterprise (DBE) Project Participation.** Contractor is responsible for meeting or exceeding the DBE commitment it has proposed for the project and as amended by any previously approved Request for DBE Modification/Substitution. Any Change Orders or amendment modifying the amount Contractor is to be compensated will impact the amount of compensation due to DBEs

for purposes of meeting or exceeding the Proposer commitment. Contractor shall consider the effect of a Change Order or amendment and submit a Request for Modification/Substitution if the DBE commitment changes.

- A. **Termination Only for Cause** - Once the contract has been awarded; Contractor may not terminate a DBE subcontractor without KCATA's prior written consent. This includes, but is not limited to, instances in which a Contractor seeks to perform work originally designated for a DBE subcontractor with its own forces or those of an affiliate, a non-DBE firm, or with another DBE firm.
2. **Good Cause** - Good cause includes the following circumstances:
  - a. The listed DBE subcontractor fails or refuses to execute a written contract; or
  - b. The listed DBE subcontractor fails or refuses to perform the work of its normal industry standards. Provided, however, that the good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Prime Contractor; or
  - c. The listed DBE subcontractor fails or refuses to meet the Prime Contractor's reasonable, nondiscriminatory bond requirements; or
  - d. The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness; or
  - e. The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1200 or applicable state law; or
  - f. The DBE subcontractor is not a responsible contractor; or
  - g. The listed DBE subcontractor voluntarily withdraws from the project and provides the Prime Contractor written notice of its withdrawal;
  - h. The listed DBE is ineligible to receive DBE credit for the type of work required;
  - i. A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract;
  - j. Other documented good cause that compels KCATA to terminate the DBE subcontractor. Provided the good cause does not exist if the Prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the Prime Contractor can self-perform the work for which the DBE contractor was engaged or so that the Prime Contractor can substitute another DBE or non-DBE contractor.
3. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request.
4. The Prime Contractor must give the DBE five days to respond to the Prime Contractor's

notice and advise the KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Prime Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.

- C. **Request for Extension.** The Contractor agrees to supply, as soon as such data is available, any reasonable proof that is required by the Director of Procurement to make a decision on any request for extension. The Director of Procurement shall examine the request and any documents supplied by the Contractor and shall determine if the Contractor is entitled to an extension and the duration of such extension. The Director of Procurement shall notify the Contractor of its decision in writing.
- D. It is expressly understood and agreed that the Contractor shall not be entitled to damages or compensation, and shall not be reimbursed for losses on account of delays resulting from any cause under this provision, except to the extent the Contractor's delay was attributable to KCATA's non-performance of its duties herein.

### 35. GENERAL PROVISIONS

- A. **No Third-Party Beneficiaries.** The parties do not intend to confer any benefit hereunder on any person, firm or entity other than the parties hereto.
- B. **Extensions of Time.** No extension of time for performance of any Contractor obligations or acts shall be deemed an extension of time for performance of any other obligations or acts.

If the time period by which any right or election provided under this Contract must be exercised, or by which any act required hereunder must be performed, expires on a day which is not a business day, then such time period shall be automatically extended through the close of business on the next regularly scheduled business day.

- E. **Binding Effect.** This Contract shall bind and inure to the benefit of the legal representatives, successors and permitted assigns of the parties.

And, in proving this Contract, it shall not be necessary to produce or account for more than one such counterpart executed by the party against whom enforcement is sought.
- G. **Interpretation; Update of Citations.** Unless otherwise specified herein, (a) the singular includes the plural and the plural the singular; (b) words importing any gender include the other genders; and (c) references to persons or parties include their permitted successors and assigns. The parties recognize and agree that many of the laws, regulations, policies, procedures and directives stated as governing the Contractor's performance of its work or services, or the supplying of products, equipment, or materials, pursuant to this Contract are subject to updating, amendment or replacement. Therefore, all such references in this Contract are agreed by the parties to be deemed to refer to the then current updated, amended or replacement form of such laws, regulations, policies, procedures and directives in effect at the applicable time during the term of this Contract and the same are hereby incorporated into this Contract by this reference.
- H. **When Effective.** Notwithstanding any provision contained in this Contract to the contrary, this Contract shall become effective only after the execution and delivery of this Contract by each of the parties hereto and no course of conduct, oral contract or written memoranda shall bind the parties hereto with respect to the subject matter hereof except this Contract.
- I. **Further Actions; Reasonableness and Cooperation by Parties; Time for Certain Actions.** Each party agrees to take such further actions and to execute such additional documents or instruments as may be reasonably requested by the other party to carry out the purpose and intent of this Contract. If no time period is set hereunder for a party to approve or consent to an action or inaction by the other party or a third party such approval shall be given or affirmatively withheld in writing within ten (10) business days after it is requested in writing or it shall be deemed given.
- J. **Survival.** In addition to any provisions expressly stated to survive termination of this Contract, all provisions which by their terms provide for or contemplate obligations or duties of a party which are to extend beyond such termination (and the corresponding rights of the other party to enforce or receive the benefit thereof) shall survive such termination.
- K. **Authority of Signatories.** Any person executing this Contract in a representative capacity represents and warrants that such person has the authority to do so and, upon request, will furnish proof of such authority in customary form.

### 36. FTA REQUIRED CLAUSES

- A. **Changes to Federal Requirements.** Contractor shall at all times be aware and comply with all applicable Federal Transit Administration regulations, policies, procedures and directives, including without limitation, those listed directly or by reference in the Agreement between the Authority and FTA (FTA MA (24) dated October 1, 2017), as they may be amended or promulgated from time to time during the term of this Contract. Contractors' failure to so comply shall constitute a material breach of this Contract. Contractor agrees to include this clause in all subcontracts at any tier. It is further agreed that the clause shall not be modified, except to identify the subcontractors who will be subject to its provisions.
- B. **Debarment and Suspension Certification.**
  - 1. The Contractor shall comply and facilitate compliance with U.S. DOT regulations "Nonprocurement Suspension

and Debarment,” 2 C.F.R. Part 1200, which adopts and supplements the U.S. Office of Management and Budget & U.S. OMB) “Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement),” 2 C.F.R. part 180.

2. The Contractor, its principals and any affiliates, shall certify that it is not included in the “U.S. General Services Administration’s List of Parties Excluded from Federal Procurement or Non-procurement Programs,” as defined at 49 CFR Part 29, Subpart C.
3. The Contractor agrees to refrain from awarding any subcontract of any amount (at any tier) to a debarred or suspended subcontractor, and to obtain a similar certification from any subcontractor (at any tier) seeking a contract exceeding \$25,000.
4. The Contractor agrees to provide KCATA a copy of each conditioned debarment or suspension certification provided by a prospective subcontractor at any tier, and to refrain from awarding a subcontract with any party that has submitted a conditioned debarment or suspension certification until FTA approval is obtained.

C. **Disadvantaged Business Enterprise (DBE).**

1. It is the policy of KCATA and the United States Department of Transportation (USDOT) that Disadvantaged Business Enterprises (DBE’s), as defined herein and in the Federal regulations published as 49 CFR Part 26, shall have an equal opportunity to participate in in DOT-assisted contracts. It is also the policy of KCATA to:
  - a. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
  - b. Create a level playing field on which DBE’s can compete fairly for DOT-assisted contracts;
  - c. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
  - d. Ensure that only firms that fully meet 49 CFR Part 26 eligibility are permitted to participate as DBE’s;
  - e. Help remove barriers to the participation of DBE’s in DOT assisted contracts;
  - f. To promote the use of DBE’s in all types of federally assisted contracts and procurement activities; and
  - g. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.
2. This Contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs. The national goal for participation of Disadvantaged Business Enterprises (DBE’s) is 10 percent. *KCATA’s overall goal for DBE participation is 15 percent. A separate contract goal of zero percent (0%) has been established for this procurement.*
3. The Contractor shall not discriminate on the basis of race, color national origin, or sex in the performance of this Contract. The Contractor shall carry out applicable requirements of 49 CFR. Part 26 in the award and administration of this DOT-assisted contract. Failure by the Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as KCATA deems appropriate. Each subcontract the Contractor signs with a subcontractor must include the assurance in this paragraph (see 49 C.F.R. 26.13(b)).
4. The Contractor may not substitute, remove or terminate a DBE subcontractor without KCATA’s prior written consent. Written consent of termination may only be given if the Contractor has demonstrated good cause. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must

give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request. The Contractor must give the DBE five days to respond to the Contractor's notice and advise KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.

a. Good Cause. Good cause includes the following circumstances:

- 1) The listed DBE subcontractor fails or refuses to execute a written contract; or
- 2) The listed DBE subcontractor fails or refuses to perform the work to its normal industry standards. Provided, however, that the good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Prime Contractor; or
1. The listed DBE subcontractor fails or refuses to meet the Prime Contractor's reasonable, nondiscriminatory bond requirements; or
2. The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness; or
3. The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1200 or applicable state law; or
4. The DBE subcontractor is not a responsible contractor; or
5. The listed DBE subcontractor voluntarily withdraws from the project and provides the Prime Contractor written notice of its withdrawal;
6. The listed DBE is ineligible to receive DBE credit for the type of work required;
7. A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract;
8. Other documented good cause that compels KCATA to terminate the DBE subcontractor. Provided the good cause does not exist if the Prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the Prime Contractor can self-perform the work for which the DBE contractor was engaged or so that the Prime Contractor can substitute another DBE or non-DBE contractor.

b. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request. The Prime Contractor must give the DBE five days to respond to the Prime Contractor's notice and advise the KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Prime Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.

D. **Disclaimer of Federal Government Obligation or Liability.** The Contractor, and any subcontractors acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of this contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Contractor, or any other party (whether or not a party to this Contract) pertaining to any matter resulting from this Contract. It is further agreed that the clause shall be

included in each subcontract and shall not be modified, except to identify the subcontractor who will be subject to its provision.

**E. Environmental Regulations.**

1. Clean Air. The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. §7401-7671q *et seq.* The Contractor agrees to report, and to require each subcontractor at every tier receiving more than \$100,000 from this Contract to report any violation of these requirements resulting from any project implementation activity to KCATA. KCATA will in turn, report each violation as required to assure notification to FTA and the appropriate U.S. EPA Regional Office.
2. Clean Water. The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. § 1251-1387 *et seq.* The Contractor agrees to report, and require each subcontractor at every tier receiving more than \$100,000 from this Contract to report, any violation of these requirements resulting from any project implementation activity to KCATA. The Contractor understands that KCATA will in turn, report each violation as required to assure notification to FTA and the appropriate U.S. EPA Regional Office
1. Energy Conservation. The Contractor agrees to comply with mandatory standards and policies relating to energy efficiency, which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act. The Contractor agrees to include the requirements of this clause in all subcontracts under this Contract.

**F. Fraud and False or Fraudulent Statements or Related Acts.**

1. The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 *et seq.* and U.S DOT regulations, "Program Fraud Civil Remedies," 49 CFR Part 31, apply to its actions pertaining to the Project. Upon execution of the Contract, the Contractor certifies and affirms the truthfulness and accuracy of any statement it has made, it makes, or may make pertaining to the project covered under this Contract. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.
2. The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government in connection with this Contract, the Government reserves the right to impose on the Contractor the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1), to the extent the Federal Government deems appropriate.
3. The Contractor agrees to include these clauses in each subcontract, and it is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

**G. Incorporation of Federal Transit Administration Terms.** The provisions in this Contract include certain standard terms and conditions required by the U.S. Department of Transportation (DOT), whether or not expressly set forth. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F or any revision thereto, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in the Contract. Contractor shall not perform any act, fail to perform any act, or refuse to comply with any KCATA requests that would cause KCATA to be in violation of the FTA terms and conditions. The Contractor agrees to include this clause in all subcontracts at any tier. It is further agreed that the clause shall not be modified, except to identify the subcontractors who will be subject to the provision.

**H. Lobbying Restrictions.**

1. The Contractor is bound by its certification contained in its offer to the Authority regarding the use of federal

or non-federal funds to influence, or attempt to influence any federal officer or employee regarding the award, execution, continuation, or any similar action of any federal grant or other activities as defined in 31 U.S.C. 1352, 2 C.F.R. § 200.450, 2 C.F.R. part 200 appendix II (J) and 49 CFR Part 20. The Contractor agrees to comply with this requirement throughout the term of the Contract.

2. The Contractor agrees to include these requirements in all subcontracts at all tiers exceeding \$100,000 and to obtain the same certification and disclosure from all subcontractors (at all tiers).

- I. **National Intelligent Transportation System Architecture and Standards.** The contractor agrees to conform, to the extent applicable, to the National Intelligent Transportation Systems (ITS) Architecture and Standards as required by SAFETEA-LU § 5307 ©, 23 U.S.C. § 512 note, and Contractor agrees to apply with FTA Notice, "FTA National ITS Architecture Policy on Transit Projects" 66 Fed. Reg. 1455, January 8, 2001, and any further implementing directives, except to the extent FTA determines otherwise in writing.

J. **Patents, Rights in Data and Copyrights**

1. Rights in Data.

- a. The term "subject data" used in this clause means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under the Contract. The term includes graphic or pictorial delineation in media such as drawings or photographs; text in specifications or related performance or design-type documents; machine forms such as punched cards, magnetic tape, or computer memory printouts, and information retained in computer memory. The term "subject data" does not include financial reports, cost analyses, and similar information incidental to contract administration.

- b. The following restrictions apply to all subject data first produced in the performance of the Contract:

- 1) Except for its own internal use, Contractor may not publish or reproduce subject data in whole or in part or in any manner or form, nor may Contractor authorize others to do so, without the written consent of KCATA, until such time as KCATA may have either released or approved the release of such data to the public.

- 2) In accordance with 2 C.F.R. part 200, Appendix II (F) and 37 C.F.R. part 401, the Federal Government reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, the following subject data for "Federal Government purposes":

- (a) Any subject data developed under the Contract, whether or not a copyright has been obtained; and

- (b) Any rights of copyright purchased by KCATA or Contractor using Federal assistance in whole or in part provided by FTA.

- 3) "For Federal Government Purposes" means use only for the direct purpose of the Federal Government. Without the copyright owner's consent, the Federal Government may not extend its Federal license to any other party. When FTA awards Federal assistance for experimental, developmental, or research work, it is FTA's general intention to increase transportation knowledge available to the public, rather than to restrict the benefits resulting from the work to participants in that work. Therefore, unless FTA determines otherwise, Contractor performing experimental, developmental, or research work, agrees to permit FTA to make available to the public, either FTA's license in the copyright to any subject data developed in the course of the Contract, or a copy of the subject data first produced under the Contract for which a copyright has not been obtained. If the experimental,

developmental, or research work, which is the subject of the underlying Contract, is not completed for any reason whatsoever, all data developed under this Contract shall become subject data as defined previously and shall be delivered as the Federal Government may direct. This subsection, however, does not apply to adaptations of automatic data processing equipment or programs for the KCATA or Contractor's use whose costs are financed in whole or part with Federal assistance provided by FTA for transportation capital projects.

- 4) Unless prohibited by state law, Contractor agrees to indemnify, save, and hold harmless KCATA and the Federal Government, its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or rights of privacy, arising out of the publication, translation, reproduction, delivery, use or disposition of any data furnished under this Contract. The Contractor shall not be required to indemnify the Federal Government for any such liability arising out of the wrongful act of any employee, official, or agents of the Federal Government.
- 5) Nothing contained in this clause on rights in data shall imply a license to the KCATA or to the Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to KCATA or to the Federal Government under any patent.
- 6) Data developed by the KCATA or Contractor and financed entirely without using Federal assistance provided by the Federal Government that has been incorporated into work required by this Contract to which this clause has been added is exempt from the requirements of subsections (b), (c), and (d) of this clause, provided that the KCATA or Contractor identifies that data in writing at the time of delivery of the contract work.
- 7) Contractor agrees to include these requirements in each subcontract for experimental, developmental, or research work funded in whole or in part with federal assistance.

2. Patent Rights. If any invention, improvement, or discovery of the Contractors is conceived or first actually reduced to practice in the course of work under this Contract, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the Contractor agrees to notify KCATA immediately and provide a detailed report, who in turn shall ultimately notify the FTA. Unless the Federal Government later makes a contrary determination in writing, the KCATA and Contractor agree to take the necessary actions to provide, through FTA, those rights in that invention due the Federal Government as described in U.S. Department of Commerce regulations, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," 37 CFR Part 401 and 35 U.S.C 2000 *et seq.*

### KCATA VENDOR REGISTRATION PROCESS

All firms (prime contractors, subcontractors and suppliers) doing business with KCATA must complete a vendor registration process. KCATA uses an online vendor management system (B2GNow). *Vendors that have previously registered with KCATA must now also complete the online process with updated information.*

To begin, you must set up an account at <https://kcata.diversitycompliance.com> where you will be given a temporary password. You will receive a confirmation email and be directed to change your password. You may follow the instruction guide to complete the process. B2GNow also conducts webinars that provide guided training on navigating the system and its available features.

The following forms are required and must be provided at the time of registration. Failure to provide these forms will delay the approval process.

3. **Vendor Registration Questionnaire**. The fillable form is provided online.
4. **KCATA Affidavit of Civil Rights Compliance**. Contractors and subcontractors agree to comply with Federal Transit Law, specifically 49 U.S.C. 5332 which prohibits discrimination, including discrimination in employment and discrimination in business opportunity.

A link to this form (KCATA Affidavit of Civil Rights Compliance) is available in the B2GNow system and the form is available on KCATA's website ([www.kcata.org](http://www.kcata.org)) under the "Doing Business With" tab. This form can be downloaded and completed in advance. In lieu of this form, you may submit a current, valid certification of Affirmative Action compliance from another government agency.

5. **KCATA Workforce Analysis/EEO-1 Report**. A link to the form (KCATA Workforce Analysis/EEO-1 Report) is available in the B2GNow system, or available on KCATA's website to print and complete in advance. Firms may submit a current EEO-1 Report that has been filed with another government agency.
6. **Employee Eligibility Verification**. In accordance with Section 285.500 RSMo, firms are required by sworn affidavit and provision of documentation, to affirm its enrollment and participation in a Federal work authorization program with respect to employees working in connection with the contracted services. The Proposer is required to obtain the same affirmation from all subcontractors at all tiers.

The Proposer shall also affirm that it does not knowingly employ any person in connection with the contracted services who does not have the legal right or authorization under Federal law to work in the United States as defined in 8 U.S.C. §1324a(h)(3). This form will need to be updated annually.

The form (Affidavit of Participant's Compliance Regarding Employee Eligibility Verification) is available on KCATA's website, with a link to the form on the B2GNow system.

Acceptable proof of enrollment includes the E-Verify Memorandum of Understanding (MOU) – a valid, completed copy of the first page identifying the business entity and a valid copy of the signature page completed and signed by the business entity, the Social Security Administration and the Department of Homeland Security (DHS).

7. **Current IRS Form W9**.

8. **Optional Documents.** Firms have the option to attach additional documents to the Questionnaire, including brochures, insurance certificates and bonds.

*For questions on these requirements, or for assistance in completing the forms, please contact Maurice Gay, KCATA's Contract Vendor Specialist Coordinator at (816) 346-0366 or via email at [mgay@kcata.org](mailto:mgay@kcata.org).*
