SECTION 2
SCOPE OF SERVICES
REGIONAL TRANSIT AND FUNDING PLAN CONSULTANT

2.1 Scope of Services

KCATA, as the regional transit authority for the bi-state Kansas City region, is seeking a qualified consultant or team to assist in developing a regional transit and funding plan and an associated strategy for communicating the benefits and costs of such a transit plan.

Significant work has been done and is continuing to be done on the issue of regional transit and transit funding in the bi-state Kansas City area. Many of these efforts are mentioned below with links provided at the end of this section for more information (Links are provided for the items asterisked below). An important goal of this contract work is to use these existing efforts and products, update with current ideas and innovations and develop an integrated plan and financing strategy – this effort is not intended to develop a brand-new technical transit plan from scratch. It is also to be understood that while the focus of this effort is transit and transit funding, multi-modal connections and related infrastructure and policies are critical to success.

The ultimate goal of these services is to develop a comprehensive regional transit service and financing plan. This document will include a recommended transit service plan, a financial strategy recommendation and “Making the Case” documentation and website that will be part of a communication strategy.

2.2 Background – Current Situation

- Regional Transit Vision – Smart Moves 3.0 *
 - Long standing document with last updates in 2017
 - Not a financing Plan
 - Not a detailed transit plan but aspirational vision
 - Recent technology changes & trends (e.g., Micro transit, shifting employment centers, Pandemic, bike share, new mobility technologies, etc.) need to be assessed and considered in the regional plan.

- KCATA RideKC Priorities
 - RideKC NEXT*. System redesign effort initiated by KCATA in 2019 and proposed for implementation post-Covid.
 - KCATA Four Pillars of Access.
 - Access to Education, Jobs/Employment, Health Care, and Community/Inclusion built on a base of social equity and inclusion.
 - Zero Fare Initiative* Initiated by KCATA with Prospect MAX in 2019.

- Recent Successes – Streetcar, Microtransit expansion, TOD, Economic Development funding (RideKC Development Corporation*), Zero Fare

- Current transit funding situation. Jurisdiction by jurisdiction via annual contracts – no regional funding. The only dedicated transit funding in the region comes from are two Kansas City, Missouri sales taxes – a permanent ½ cent tax and a 3/8 cent tax expiring in 2024. Some jurisdictions may

want to replace general fund support with dedicated regional funding. A 2018 peer funding analysis shows the region is underspending on transit, which is affecting economic competitiveness.

- Related ongoing efforts: Chamber Big 5 – Multi Modal Transportation *, KC Rising regional competitiveness *, KCMO comprehensive plan update – KC Spirit Playbook *, Regional Transit Coordinating Council (RTCC) assessments and strategies *, numerous community plans and studies recommending increased transit and mobility options.

2.2 Goals for Consultant selected to address this need.

The ultimate goal and the culmination of this work will be a regional transit expansion plan that includes an executable financial strategy (aka feasible path to implementation), and the “Making the Case” story that can be used to build support. This will take the form of a final report and website that includes:

- Make the case for why an expanded regional transit network is needed for the long-term health and economic benefit of the regional community.
- Recommend financial strategy or strategies – from a timing standpoint this outcome needs to tie to the need to renew the KCMO 3/8 cent transit sales tax in 2024. Some innovative strategies have already been used (value capture) or discussed (parking fees and existing incentive structures).
- Proposed transit plan – with big ideas and connectivity. What will each community get from the plan, how they benefit - return on investment expressed in both people benefits and monetary benefits.
- KCATA’s four Access Pillars, Equity and the Zero Fare Strategy will guide this effort and be part of the benefit analysis.
- Recommend/generate approaches, documents and data that may be used to support and pursue a program for expanding and funding regional transit.

2.3 Consultant Services/Tasks.

Below is an illustrative list of tasks. Proposers may provide additional or different tasks and deliverables to meet the project goals. A description of proposed tasks, schedule/milestones and deliverables should be included in the Project Approach portion of the proposal.

A. Making the Case for Regional Transit – Addressing our Needs

- Assess Current Situation, existing Plans and Efforts Around Regional Transit
- Document Current Mobility vs. Desired in terms of KCATA’s four pillars of access
 - Needs that are not being met or not met well by the current system and current funding mechanism (access to jobs, education, healthcare, community services, etc.)
 - Competing with peer regions to attract jobs and people to the region – impact of a more robust regional transit program. See MARC Peer Report*

- Document Benefits \ Impact (people, economic, etc.) of providing more robust and better-connected transit
- Potential Interim Deliverables: Existing situation assessment Report. Draft “Making the Case” Document/Report, Website Data.

B. Transit Services

- Use Smart Moves transit vision, local plans, development plans and the unmet mobility needs – to develop a regional system that ties directly to the financial strategy. Focus on using existing technical data, not a **new** plan.
- Include new concepts (e.g. micro transit) and big ideas (e.g. streetcar expansion, regional airport service, new BRT lines, etc.) and connecting infrastructure (e.g. sidewalks, bike infrastructure).
- Tie directly to the financial strategy in the below task and be deemed financially feasible.
- Address the four access pillars and the zero-fare strategy in the regional transit system concept Packaging / Messaging the Regional Service concept to be understandable and garner support.
- Identify potential phasing and timeframes for realistic implementation
- Potential Interim Deliverables: Regional Transit Service Plan and Strategy

C. Transit Financing Plan

- Assess options including public financing of transit through traditional approaches (sales and use taxes) and non-traditional methods (e.g. private sector and develop concepts, TDD, CID or other area/zonal methods). Assess the pros and cons of the options as well as the possibility of including transit funding with a larger multi-modal strategy.
- Policy support from local governments – tie development incentives to transit.
- Zero Fare is to be part of the plan.
- Include existing + new local sources and assumed funding from State + Federal sources. Financing should tie to the service plan and any phasing.
- Recommend financial strategy or strategies, including any new state or local legislative authorities needed – from a timing standpoint this outcome needs to tie to the need to renew the KCMO 3/8 cent transit sales tax in 2024.
- Potential Interim Deliverable: Summary of Financing Options, Draft Financial Strategy Recommendations.

D. Stakeholder and Public Input and Guidance

- A plan to coordinate this effort with other ongoing efforts (e.g. Chamber Big 5, KC Rising, RTCC Strategy, Zero Fare Initiative, etc.) will be required. This should also include the process for obtaining input from elected officials, the community and other key stakeholders - including those specifically associated with each of the four access pillars - to understand their positions, needs and expectations. Develop a website for information on this effort.
- Potential Interim Deliverable: Stakeholder List and Communications Concept. Active Website.

E. Timing and Deliverables – Consultant to Propose Schedule/Milestones and Specific Deliverables

- This effort is expected to build off existing studies, plans and resources to the maximum extent possible. As such, an expedited approach to developing the program and plan addressing the project goals in less than 12 months is desired. A milestone schedule is expected with the proposal.
- Deliverable: Milestone Schedule

F. Final Report

The final report will document the recommendations and strategies for moving forward. It is expected to include:

- A comprehensive regional plan with specific services and financing recommendations and an Implementation Plan.
- “Making the case” for the regional system. Summarizing needs, costs and benefits of a regional approach but with County and/or major jurisdictional breakdowns based on the existing MARC or KCATA service areas
- Identify and propose legislative, policy, and/or other actions (e.g. development incentives, land use policies, workforce housing policies, TOD policies etc.)
- Messaging and Education Program recommendations
- Identify Next Steps

Notwithstanding the foregoing, in response to a formal request for information, the KCATA reserves the right to release any documents if the KCATA determines that such information is a public record pursuant to the Missouri Sunshine Law.

 2. Create a level playing field on which DBE's/SBE's can compete fairly for DOT-assisted contracts;
 3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
 4. Ensure that only firms that fully meet 49 CFR Part 26 eligibility are permitted to participate as DBE's;
 5. Help remove barriers to the participation of DBE's in DOT assisted contracts;
 6. To promote the use of DBE's in all types of federally assisted contracts and procurement activities; and
 7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.
- B. **Non-discrimination.** Proposers shall not discriminate based on race, color, creed, age, sex, sexual orientation, gender identity, national origin or disability in the performance of this project. The Proposer

shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the Proposer to carry out these requirements is a material breach of the resulting contract, which may result in the termination of the contract or such other remedy as KCATA deems appropriate.

- C. This Contract is subject to the Requirements of Title 49, Code of Federal Regulations Part 26, Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs. **There is a 23% DBE goal established for this project.** Certified DBE firms are encouraged to submit proposals as prime or subcontractors. Firms must be certified as a DBE by a member of the Missouri Regional Certification Committee, which includes KCMO, MoDOT, City of St. Louis, Metro in St. Louis or KCATA. A list of certified firms may be found at www.modot.org/mrcc-directory. A directory of KDOT certified firms may be found at <https://kdotapp.ksdot.org/dbcontractorlist/>. MBE and WBE certifications from other agencies will not be considered.
- D. **DBE Certification.** DBE/SBE firms may participate as prime Contractors, subcontractors or suppliers. KCATA will only recognize firms that are certified as DBEs/SBEs under the DOT guidelines found in 49 CFR Part 26. Firms must be certified as a DBE/SBE by a member of the Missouri Regional Certification Committee, which includes KCMO, MoDOT, City of St. Louis, Metro in St. Louis or KCATA. A list of certified firms may be found at <https://www.modot.org/mrcc-directory> located on MoDOT's website.
- E. **DBE Participation Credit.** DBE firms may participate as Prime Contractors, Subcontractors or Suppliers.

The following shall be credited towards achieving the goals, except as provided herein:

1. The total contract dollar amount that a qualified DBE Prime Contractor earns for that portion of work on the contract that is performed by its own workforce, is performed in a category in which the DBE is currently certified and is a commercially useful function as defined by the Program.
2. The total contract dollar amount that a Prime Contractor has paid or is obligated to pay to a subcontractor that is a qualified DBE; and
3. Subcontractor participation with a lower tier DBE subcontractor; and
4. Sixty percent (60%) of the total dollar amount paid or to be paid by a Prime Contractor to obtain supplies or goods from a supplier who is not a manufacturer and who is a qualified DBE. If the DBE is a manufacturer of the supplies, then one hundred percent (100%) may be credited, to be determined on a case-by-case basis.
5. NO CREDIT, however, will be given for the following:
 - a. Participation in a contract by a DBE that does not perform a commercially useful function as defined by the Program; and
 - b. Any portion of the value of the contract that a DBE Subcontractor subcontracts back to the prime contractor or any other contractor who is not a qualified DBE; and

- c. Materials and supplies used on the contract unless the DBE is responsible for negotiating the price, determining quality and quantity, ordering the materials and installing (where applicable) and paying for material itself; and
 - d. Work performed by a DBE in a scope of work other than that in which the DBE is currently certified.
- F. **Good Faith Efforts.** Failure to meet the contracted DBE participation commitment without documented evidence of good faith efforts may result in termination of the contract.
1. In evaluating good faith efforts, KCATA will consider whether the Proposer has performed the following, along with any other relevant factors:
 - a. Soliciting through all reasonable and available means (e.g. attendance at pre-proposal conferences, advertising and/or written notices) the interest of all certified DBEs who have the capability to perform the work of the contract. The Proposer must solicit this interest within sufficient time to allow the DBEs to respond to the solicitation. The Proposer must determine with certainty if the DBEs are interested by taking appropriate steps to follow up initial solicitations. Copies of the solicitation efforts (dated facsimiles, advertisements, emails) must be submitted.
 - b. Selecting portions of the work to be performed by DBEs in order to increase the likelihood that the DBE goals will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate DBE participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces.
 - c. Providing interested DBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.
 - d. Negotiating in good faith with interested DBEs.
 2. It is the Proposer's responsibility to make a portion of the work available to DBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and suppliers, so as to facilitate DBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the work.
 3. A Proposer using good business judgment would consider a number of factors in negotiating with subcontractors, include DBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a Proposer's failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the bidder of the responsibility to make good faith efforts. Prime contractors are not, however, required to accept higher quotes from DBEs if the price difference is excessive or unreasonable.

4. Not rejecting DBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The contractor's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the contractor's efforts to meet the project goal.
5. Making efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance as required by the KCATA or contractor.
6. Making efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.
7. Effectively using the services of available minority/women community organizations; minority/women contractors' groups; local, state, and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of DBEs.
8. In determining if the Contractor did use good faith efforts in securing DBE Participation, KCATA may request copies of each DBE and non-DBE subcontractor quote in the event a non-DBE subcontractor was selected over a DBE for work on the contract.

G. **Request for Modification, Replacement or Termination of Disadvantaged Business Enterprise (DBE) Project Participation.** Contractor is responsible for meeting or exceeding the DBE commitment it has proposed for the project and as amended by any previously approved Request for DBE Modification/Substitution. Any Change Orders or amendment modifying the amount Contractor is to be compensated will impact the amount of compensation due to DBEs for purposes of meeting or exceeding the Proposer commitment. Contractor shall consider the effect of a Change Order or amendment and submit a Request for Modification/Substitution if the DBE commitment changes.

1. **Termination Only for Cause** - Once the contract has been awarded; Contractor may not terminate a DBE subcontractor without KCATA's prior written consent. This includes, but is not limited to, instances in which a Contractor seeks to perform work originally designated for a DBE subcontractor with its own forces or those of an affiliate, a non-DBE firm, or with another DBE firm.
2. **Good Cause** - Good cause includes the following circumstances:
 - a. The listed DBE subcontractor fails or refuses to execute a written contract; or
 - b. The listed DBE subcontractor fails or refuses to perform the work of its normal industry standards. Provided, however, that the good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Prime Contractor; or
 - c. The listed DBE subcontractor fails or refuses to meet the Prime Contractor's reasonable, nondiscriminatory bond requirements; or
 - d. The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit

unworthiness; or

- e. The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1200 or applicable state law; or
 - f. The DBE subcontractor is not a responsible contractor; or
 - g. The listed DBE subcontractor voluntarily withdraws from the project and provides the Prime Contractor written notice of its withdrawal;
 - h. The listed DBE is ineligible to receive DBE credit for the type of work required;
 - i. A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract;
 - j. Other documented good cause that compels KCATA to terminate the DBE subcontractor. Provided the good cause does not exist if the Prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the Prime Contractor can self-perform the work for which the DBE contractor was engaged or so that the Prime Contractor can substitute another DBE or non-DBE contractor.
3. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request.
4. The Prime Contractor must give the DBE five days to respond to the Prime Contractor's notice and advise the KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Prime Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.

On a final invoice where the payment amount is subject to contract settlement actions, acceptance shall be deemed to have occurred on the effective date of the contract settlement.
- C. All final invoices shall be submitted to KCATA within 90 days of project completion or contract termination. Invoices submitted more than 90 days after project completion or contract termination will not be valid and will not be paid. Contractor indemnifies and holds KCATA harmless for any suit filed for payment of invoices submitted after 90 days of project completion or contract termination.
- D. **Subcontractor Payments.**
 - 1. Prompt Payment. The Contractor shall establish procedures to ensure timely payment of amounts due pursuant to the terms of its subcontracts. The Contractor shall pay each DBE and non-DBE subcontractor for satisfactory performance of its contract, or any billable portion thereof, in accordance with the timing set forth in any applicable laws or no later than 30 days, whichever is less, from the date of the Contractor's receipt of payment from the Authority for work by that subcontractor.
 - 2. Prompt Return of Retainage. If retainage is withheld from subcontractors, the Contractor is required to return any retainage payment to its DBE and non-DBE subcontractors in accordance with the timing set forth in any applicable

laws or no later than 30 days, whichever is less, from the date of receipt of the retainage payment from the Authority related to the subcontractor's work. Any delay or postponement of payment from said time frame may occur only for good cause following written approval from KCATA.

3. The Contractor shall certify on each payment request to the Authority that payment has been or will be made to all subcontractors. Lien waivers may be required for the Contractor and its subcontractors. The Contractor shall notify KCATA on or before each payment request, of any situation in which scheduled subcontractor payments have not been made.
4. If a subcontractor alleges that the Contractor has failed to comply with this provision, the Contractor agrees to support any Authority investigation, and if deemed appropriate by the Authority, to consent to remedial measures to ensure that subcontractors are properly paid as set forth herein.
5. The Contractor agrees that the Authority may provide appropriate information to interested subcontractors who inquire about the status of Authority payments to the Contractor.
6. Nothing in this provision is intended to create a contractual obligation between the Authority and any subcontractor or to alter or affect traditional concepts of privity of contract between all parties.

28. RIGHT TO OFFSET

KCATA, without waiver or limitation of any rights, may deduct from any amounts due Contractor in connection with this Contract, or any other contract between Contractor and KCATA, any amounts owed by Contractor to KCATA, including amounts owed by Contractor pursuant to Contractor's obligation to indemnify KCATA against third party claims arising out of Contractor's performance of work under this Contract.

The Contractor will only be paid the Contract price for supplies delivered and accepted, or work or services performed in accordance with the manner of performance set forth in the Contract.
- B. **Funding Contingency.** If this Contract is subject to financial assistance provided by the U.S. Department of Transportation, the Contractor agrees that withdrawal or termination of such financial assistance by the U.S. DOT may require KCATA to terminate the agreement.
- C. **Termination for Default.**
 - 1. If the Contractor does not deliver supplies in accordance with the contract delivery schedule or according to specifications, or if the Contract is for services, and the Contractor fails to perform in the manner called for in the Contract, or if the Contractor fails to comply with any other provisions of the Contract, KCATA may terminate this Contract for default. Termination shall be effected by serving a notice of termination on the Contractor setting forth the manner in which the Contractor is in default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth cost of the Contract.
 - 2. If the termination is for failure of the Contractor to fulfill the contract obligations, KCATA may complete the work by contract or otherwise and the Contractor shall be liable for any additional cost incurred by KCATA. If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, KCATA, after setting up a new delivery or performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.
- D. **Opportunity to Cure.** KCATA in its sole discretion may, in the case of a termination for breach or default, allow the Contractor an appropriately short period of time in which to cure the defect. In such case, the written notice of termination will state the time period in which cure is permitted and other appropriate conditions. If Contractor fails to remedy to KCATA's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within the time period permitted, KCATA shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude KCATA from also pursuing all available remedies legal and non-legal against Contractor and its sureties for said breach or default.
- E. **Waiver of Remedies for any Breach.** In the event that KCATA elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Agreement, such waiver by KCATA shall not limit KCATA's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Agreement.
- F. **Property of KCATA.** Upon termination of this Contract for any reason, and if the Contractor has any property in its possession or under its control belonging to KCATA, the Contractor shall protect and preserve the property or pay KCATA full market value of the property, account for the same, and dispose of it in the manner KCATA directs. Upon

termination of this Contract for any reason, the Contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to KCATA's Project Manager all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this Contract, whether completed or in process.

35. UNAVOIDABLE DELAYS

- A. A delay is unavoidable only if the delay was not reasonably expected to occur in connection with or during the Contractor's performance, and was not caused directly or substantially by acts, omissions, negligence, or mistakes of the Contractor, the Contractor's suppliers or their agents, and was substantial and in fact caused the Contractor to miss delivery dates, and could not adequately have been guarded against by contractual or legal means.
- B. **Notification of Delays.** The Contractor shall notify the Director of Procurement as soon as the Contractor has, or should have, knowledge that an event has occurred which will cause an unavoidable delay. Within five (5) days, the Contractor shall confirm such notice in writing, furnishing as much as detail as is available.

The Director of Procurement shall notify the Contractor of its decision in writing.
- D. It is expressly understood and agreed that the Contractor shall not be entitled to damages or compensation, and shall not be reimbursed for losses on account of delays resulting from any cause under this provision, except to the extent the Contractor's delay was attributable to KCATA's non-performance of its duties herein.

36. FTA REQUIRED CLAUSES

- A. **Changes to Federal Requirements.** Contractor shall at all times be aware and comply with all applicable Federal Transit Administration regulations, policies, procedures and directives, including without limitation, those listed directly or by reference in the Agreement between the Authority and FTA (FTA MA (26) dated October 1, 2019), as they may be amended or promulgated from time to time during the term of this Contract. Contractors' failure to so comply shall constitute a material breach of this Contract. Contractor agrees to include this clause in all subcontracts at any tier. It is further agreed that the clause shall not be modified, except to identify the subcontractors who will be subject to its provisions.
- B. **Debarment and Suspension Certification.**
 - 1. The Contractor shall comply and facilitate compliance with U.S. DOT regulations "Non-procurement Suspension and Debarment," 2 C.F.R. Part 1200, which adopts and supplements the U.S. Office of Management and Budget & U.S. OMB) "Guidelines to Agencies on Governmentwide Debarment and Suspension (Non-procurement)," 2 C.F.R. part 180.
 - 2. The Contractor, its principals and any affiliates, shall certify that it is not included in the "U.S. General Services Administration's List of Parties Excluded from Federal Procurement or Non-procurement Programs," as defined at 49 CFR Part 29, Subpart C.

3. The Contractor agrees to refrain from awarding any subcontract of any amount (at any tier) to a debarred or suspended subcontractor, and to obtain a similar certification from any subcontractor (at any tier) seeking a contract exceeding \$25,000.
4. The Contractor agrees to provide KCATA a copy of each conditioned debarment or suspension certification provided by a prospective subcontractor at any tier, and to refrain from awarding a subcontract with any party that has submitted a conditioned debarment or suspension certification until FTA approval is obtained.

C. **Disadvantaged Business Enterprise (DBE).**

1. It is the policy of KCATA and the United States Department of Transportation (USDOT) that Disadvantaged Business Enterprises (DBE's), as defined herein and in the Federal regulations published as 49 CFR Part 26, shall have an equal opportunity to participate in in DOT-assisted contracts. It is also the policy of KCATA to:
 - a. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
 - b. Create a level playing field on which DBE's can compete fairly for DOT-assisted contracts;
 - c. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
 - d. Ensure that only firms that fully meet 49 CFR Part 26 eligibility are permitted to participate as DBE's;
 - e. Help remove barriers to the participation of DBE's in DOT assisted contracts;
 - f. To promote the use of DBE's in all types of federally assisted contracts and procurement activities; and
 - g. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.
2. This Contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs. The national goal for participation of Disadvantaged Business Enterprises (DBE's) is 10 percent. *KCATA's overall goal for DBE participation is 15 percent. A separate contract goal of twenty three percent (23%) has been established for this procurement.*
3. The Contractor shall not discriminate on the basis of race, color national origin, or sex in the performance of this Contract. The Contractor shall carry out applicable requirements of 49 CFR. Part 26 in the award and administration of this DOT-assisted contract. Failure by the Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as KCATA deems appropriate. Each subcontract the Contractor signs with a subcontractor must include the assurance in this paragraph (see 49 C.F.R. 26.13(b)).
4. The Contractor may not substitute, remove or terminate a DBE subcontractor without KCATA's prior written consent. Written consent of termination may only be given if the Contractor has demonstrated good cause. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request. The Contractor must give the DBE five days to respond to the Contractor's notice and advise KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.
 - a. Good Cause. Good cause includes the following circumstances:

- 1) The listed DBE subcontractor fails or refuses to execute a written contract; or
 - 2) The listed DBE subcontractor fails or refuses to perform the work to its normal industry standards. Provided, however, that the good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Prime Contractor; or
1. The listed DBE subcontractor fails or refuses to meet the Prime Contractor's reasonable, nondiscriminatory bond requirements; or
 2. The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness; or
 3. The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1200 or applicable state law; or
 4. The DBE subcontractor is not a responsible contractor; or
 5. The listed DBE subcontractor voluntarily withdraws from the project and provides the Prime Contractor written notice of its withdrawal;
 6. The listed DBE is ineligible to receive DBE credit for the type of work required;
 7. A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract;
 8. Other documented good cause that compels KCATA to terminate the DBE subcontractor. Provided the good cause does not exist if the Prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the Prime Contractor can self-perform the work for which the DBE contractor was engaged or so that the Prime Contractor can substitute another DBE or non-DBE contractor.

b. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request. The Prime Contractor must give the DBE five days to respond to the Prime Contractor's notice and advise the KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Prime Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.

5. **Disclaimer of Federal Government Obligation or Liability.** The Contractor, and any subcontractors acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of this contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Contractor, or any other party (whether or not a party to this Contract) pertaining to any matter resulting from this Contract. It is further agreed that the clause shall be included in each subcontract and shall not be modified, except to identify the subcontractor who will be subject to its provision.

E. **Environmental Regulations.**

1. Clean Air. The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. §7401-7671q *et seq.* The Contractor agrees to report, and to require each subcontractor at every tier receiving more than \$100,000 from this Contract to report

2. The Contractor agrees to include these requirements (Section XX.1.) in all subcontracts at all tiers, regardless of value, and to obtain the same certification and disclosure from all subcontractors (at all tiers).

G. Fraud and False or Fraudulent Statements or Related Acts.

1. The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 *et seq.* and U.S DOT regulations, "Program Fraud Civil Remedies," 49 CFR Part 31, apply to its actions pertaining to the Project. Upon execution of the Contract, the Contractor certifies and affirms the truthfulness and accuracy of any statement it has made, it makes, or may make pertaining to the project covered under this Contract. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in the Contract. Contractor shall not perform any act, fail to perform any act, or refuse to comply with any KCATA requests that would cause KCATA to be in violation of the

FTA terms and conditions. The Contractor agrees to include this clause in all subcontracts at any tier. It is further agreed that the clause shall not be modified, except to identify the subcontractors who will be subject to the provision.

I. **Lobbying Restrictions.**

1.
