SECTION 2 SCOPE OF SERVICES

2.1 Introduction and Purpose

- A. The Kansas City Area Transportation Authority (KCATA) is the regional transit agency in the Kansas City metropolitan area. KCATA is a special purpose public authority created in 1965 through special legislative action by the states of Missouri and Kansas. A 10-member Board of Commissioner, with equal representation from both states, serves as the KCATA's policy governing body. The bi-state compact allows KCATA to operate transit in both states, although it does not provide for exclusive operation.

The counties are Cass, Clay, Jackson, and Platte in Missouri: and Johnson, Leavenworth, and Wyandotte in Kansas. Within the KCATA service area it operates a fleet of 240 buses on 53 routes, logging nearly 46,000 passenger trips every weekday.

- B. The Kansas City Area Transportation Authority (KCATA) is requesting proposals from experienced firms interested in providing a variety of security services.

2.2 Term and Renewal Option(s)

The term of this agreement shall be for a period of five (5) years from contract award with no options to renew. Work in process prior to expiration of the Agreement shall be completed and as construed by KCATA to be within the "contract term."

The CSC Security Contractor will be expected to perform the following at the CSC:

Overtime will not be allowed unless approved by KCATA security management.
- b) The Main Guard Post security officer shall be responsible for monitoring and arming/disarming the electronic security systems, fire alarm systems, etc., located in CSC Buildings 1, 2, 3, 3A, and the fare box island adjacent to Building 3A, and managing CSC visitor/contractor access.

This Transit Center consists of a passenger waiting area, ticket sales counter, transportation kiosks, security office, and the call-center office. Once open, Contractor will provide unarmed security service 24 hours a day, seven days a week at the Transit Center.  - E. Protesters shall be aware of the Federal Transit Administration's (FTA) protest procedures with the FTA Regional Office (ref: FTA Circular 4220.1F) If federal funding is involved, FTA will review protests from a third party only when: 1) a grantee does not have a written protest procedure or fails to follow its procedure or fails to review a complaint or protest; or 2) violations of specific federal laws or regulations have occurred.
 - F. An appeal to FTA must be received by FTA's regional office within five (5) working days of the date the protester learned or should have learned of KCATA's decision. Protests shall be addressed to: Regional Administrator, FTA Region 7, 901 Locust, Room 404, Kansas City, Missouri, 64106.

3.9 Disclosure of Proprietary Information.

- A. A proposer may restrict the disclosure of scientific and technological innovations in which it has a proprietary interest, or other information that is protected from public disclosure by law, which is contained in the proposal by:
 1. marking each page of each such document prominently in at least 16-point font with the words "Proprietary Information;"
 2. printing each page of each such document on a different color paper than the paper on which the remainder of the proposal is printed; and
 3. segregating each page of each such document in a sealed envelope, which shall prominently display, on the outside, the words "Proprietary Information" in at least 16-point font, along with the name and address of the Proposer.
- B. After either a contract is executed pursuant to this RFP, or all proposals are rejected, the proposals will be considered public records open for inspection. If access to documents marked "Proprietary Information," as provided above, is requested under the Missouri Sunshine Law, Section 610 of the Revised Statutes of Missouri, the KCATA will notify the Proposer of the request

and the Proposer shall have the burden to establish that such documents are exempt from disclosure under the law. Notwithstanding the foregoing, in response to a formal request for information, the KCATA reserves the right to release any documents if the KCATA determines that such information is a public record pursuant to the Missouri Sunshine Law.

3.10 Disadvantaged Business Enterprise (DBE) Requirements

- A. It is the policy of KCATA and the United States Department of Transportation (USDOT) that Disadvantaged Business Enterprises (DBE's) and Small Business Enterprises (SBE's), as defined herein and in the Federal regulations published as 49 CFR Part 26, shall have an equal opportunity to participate in in DOT-assisted contracts. It is also the policy of KCATA to:
1. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
 2. Create a level playing field on which DBE's/SBE's can compete fairly for DOT-assisted contracts;
 3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
 4. Ensure that only firms that fully meet 49 CFR Part 26 eligibility are permitted to participate as DBE's;
 5. Help remove barriers to the participation of DBE's in DOT assisted contracts;
 6. To promote the use of DBE's in all types of federally assisted contracts and procurement activities; and
 7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.
- B. **Non-discrimination.** Proposers shall not discriminate on the basis of race, color, creed, age, sex, sexual orientation, gender identity, national origin or disability in the performance of this project. The Proposer shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the Proposer to carry out these requirements is a material breach of the resulting contract, which may result in the termination of the contract or such other remedy as KCATA deems appropriate.
- C. **DBE Certification.** DBE firms may participate as prime Contractors, subcontractors or suppliers. KCATA will only recognize firms that are certified as DBEs under the DOT guidelines found in 49 CFR Part 26. Firms must be certified as a DBE by a member of the Missouri Regional Certification Committee, which includes KCMO, MoDOT, City of St. Louis, Metro in St. Louis or KCATA. A list of certified firms may be found at www.modot.mo.gov/ecr/index.htm.
- E. **DBE Participation Credit.** DBE firms may participate as Prime Contractors, Subcontractors or Suppliers.

The following shall be credited towards achieving the goals, except as provided herein:

1. The total contract dollar amount that a qualified DBE Prime Contractor earns for that portion of work on the contract that is performed by its own workforce, is performed in a

category in which the DBE is currently certified and is a commercially useful function as defined by the Program.

2. The total contract dollar amount that a Prime Contractor has paid or is obligated to pay to a subcontractor that is a qualified DBE; and
 3. Subcontractor participation with a lower tier DBE subcontractor; and
 4. Sixty percent (60%) of the total dollar amount paid or to be paid by a Prime Contractor to obtain supplies or goods from a supplier who is not a manufacturer and who is a qualified DBE. If the DBE is a manufacturer of the supplies, then one hundred percent (100%) may be credited, to be determined on a case-by-case basis.
 5. NO CREDIT, however, will be given for the following:
 - a. Participation in a contract by a DBE that does not perform a commercially useful function as defined by the Program; and
 - b. Any portion of the value of the contract that a DBE Subcontractor subcontracts back to the prime contractor or any other contractor who is not a qualified DBE; and
 - c. Materials and supplies used on the contract unless the DBE is responsible for negotiating the price, determining quality and quantity, ordering the materials and installing (where applicable) and paying for material itself; and
 - d. Work performed by a DBE in a scope of work other than that in which the DBE is currently certified.
- F. **Good Faith Efforts.** Failure to meet the contracted DBE participation commitment without documented evidence of good faith efforts may result in termination of the contract.
1. In evaluating good faith efforts, KCATA will consider whether the Proposer has performed the following, along with any other relevant factors:
 - a. Soliciting through all reasonable and available means (e.g. attendance at pre-proposal conferences, advertising and/or written notices) the interest of all certified DBEs who have the capability to perform the work of the contract. The Proposer must solicit this interest within sufficient time to allow the DBEs to respond to the solicitation. The Proposer must determine with certainty if the DBEs are interested by taking appropriate steps to follow up initial solicitations. Copies of the solicitation efforts (dated facsimiles, advertisements, emails) must be submitted.
 - b. Selecting portions of the work to be performed by DBEs in order to increase the likelihood that the DBE goals will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate DBE participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces.
 - c. Providing interested DBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to

a solicitation.

- d. Negotiating in good faith with interested DBEs.
2. It is the Proposer's responsibility to make a portion of the work available to DBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and suppliers, so as to facilitate DBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the work.
 3. A Proposer using good business judgment would consider a number of factors in negotiating with subcontractors, include DBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a Proposer's failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the bidder of the responsibility to make good faith efforts. Prime contractors are not, however, required to accept higher quotes from DBEs if the price difference is excessive or unreasonable.
 4. Not rejecting DBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The contractor's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the contractor's efforts to meet the project goal.
 5. Making efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance as required by the KCATA or contractor.
 6. Making efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.
 7. Effectively using the services of available minority/women community organizations; minority/women contractors' groups; local, state, and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of DBEs.
 8. In determining if the Contractor did use good faith efforts in securing DBE Participation, KCATA may request copies of each DBE and non-DBE subcontractor quote in the event a non-DBE subcontractor was selected over a DBE for work on the contract.
- G. **Request for Modification, Replacement or Termination of Disadvantaged Business Enterprise (DBE) Project Participation.** Contractor is responsible for meeting or exceeding the DBE commitment it has proposed for the project and as amended by any previously approved Request for DBE Modification/Substitution. Any Change Orders or amendment modifying the amount Contractor is to be compensated will impact the amount of compensation due to DBEs

for purposes of meeting or exceeding the Proposer commitment. Contractor shall consider the effect of a Change Order or amendment and submit a Request for Modification/Substitution if the DBE commitment changes.

- A. **Termination Only for Cause** - Once the contract has been awarded; Contractor may not terminate a DBE subcontractor without KCATA's prior written consent. This includes, but is not limited to, instances in which a Contractor seeks to perform work originally designated for a DBE subcontractor with its own forces or those of an affiliate, a non-DBE firm, or with another DBE firm.
2. **Good Cause** - Good cause includes the following circumstances:
 - a. The listed DBE subcontractor fails or refuses to execute a written contract; or
 - b. The listed DBE subcontractor fails or refuses to perform the work of its normal industry standards. Provided, however, that the good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Prime Contractor; or
 - c. The listed DBE subcontractor fails or refuses to meet the Prime Contractor's reasonable, nondiscriminatory bond requirements; or
 - d. The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness; or
 - e. The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1200 or applicable state law; or
 - f. The DBE subcontractor is not a responsible contractor; or
 - g. The listed DBE subcontractor voluntarily withdraws from the project and provides the Prime Contractor written notice of its withdrawal;
 - h. The listed DBE is ineligible to receive DBE credit for the type of work required;
 - i. A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract;
 - j. Other documented good cause that compels KCATA to terminate the DBE subcontractor. Provided the good cause does not exist if the Prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the Prime Contractor can self-perform the work for which the DBE contractor was engaged or so that the Prime Contractor can substitute another DBE or non-DBE contractor.
3. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request.
4. The Prime Contractor must give the DBE five days to respond to the Prime Contractor's

notice and advise the KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Prime Contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.

SECTION 4.

Each technical proposal must be so specific, detailed and complete as to clearly and fully demonstrate that the Proposer has a thorough knowledge and understanding of the requirements and has valid and practical solutions for technical problems. If negotiations are successful, the Evaluation Committee will recommend the best-qualified firm/team to KCATA's Board of Commissioners for final authorization. If KCATA fails to reach an agreement with the top-ranked team, the KCATA will enter into negotiations with the subsequent firms/teams. KCATA reserves the right to award a contract without negotiation.

Part 26 in the award and administration of this DOT-assisted contract. Failure by the Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as KCATA deems appropriate. Each subcontract the Contractor signs with a subcontractor must include the assurance in this paragraph (see 49 C.F.R. 26.13(b)).

work for which the DBE contractor was engaged or so that the Prime Contractor can substitute another DBE or non-DBE contractor.

- b. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request. The Prime Contractor must give the DBE five days to respond to the Prime Contractor's notice and advise the KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Prime Contractor's action.
