• Standard air-cooled units the discharge air is cooled to as low as within 10.5°C (19°F) of the ambient temperature, basis 38°C (115°F) and 40% RH. In air-cooled units cooling air which is drawn into the enclosure passes over the main motor and air-end and is then forced out through the after-cooler and coolant cooler. The coolers are of an aluminum finned tube construction and are designed to operate continuously, fully loaded in ambient air up to 46°C (115°F).

Compressor Controller:

g. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.

2. This project is subject to the requirements of Title 49, Code of Federal Regulations (CFR) Part 26, Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs. Therefore, the Contractor must satisfy the requirements for DBE participation as set forth herein. These requirements are in addition to all other equal opportunity employment requirements of this Contract.

3. The KCATA shall make all determinations with regard to whether or not a Bidder/Offeror is in compliance with the requirements stated herein. In determining compliance, KCATA may consider the Bidder/Offeror’s bid submission package and the Bidder/Offeror’s documented history of non-compliance with DBE requirements on previous contracts with the KCATA.

4. Failure by the Contractor to carry out these requirements is a material breach of the resulting contract, which may result in the termination of the contract or such other remedy as KCATA deems appropriate.

5. For this project there has NOT been a goal established for DBE participation. DBE firms are encouraged to submit bids as Prime Contractors or Subcontractors.

However, certified DBE, MBE, WBE and SBE firms are encouraged to submit bids as Prime Contractors or Subcontractors.

6. DBE Certification – KCATA will only recognize firms that are certified as DBE’s under the DOT guidelines found in 49 CFR, Part 26. DBE subcontractors must be certified as a DBE by or a member of the Missouri Regional Certification Committee, which includes KCMO, MoDOT, City of St. Louis, Metro in St. Louis or KCATA. A list of certified firms may be found at www.modot.org/mrcc-directory. A directory of KDOT certified firms may be found at https://kdotapp.ksdot.org/dbecontractorlist/.

7. Non-Discrimination. Bidders shall not discriminate on the basis of race, color, creed, sex, sexual orientation, gender identity, national origin, disability or age in the performance of this project. The Bidder shall carry out applicable requirements of 49 CFR Part 26 in the award and
administration of DOT-assisted contracts. Failure by the Contractor to carry out these requirements is a material breach of the Contract, which may result in the termination of the Contract or such other remedy as KCATA deems appropriate. Each subcontract the Contractor signs with a subcontractor must include the assurance in this paragraph. See 49 CFR 26.13(b).

8. **DBE Participation Credit.**

   a. DBE firms may participate as Prime Contractors, Subcontractors or Suppliers.

   b. The following shall be credited towards achieving DBE participation, except as provided herein:

      1) The total contract dollar amount that a qualified DBE Prime Contractor earns for its portion of work done on the contract that is done by its own workforce is performed in a category in which the DBE is currently certified and is a commercially useful function as defined by the Program.

      2) The total contract dollar amount that a Prime Contractor has paid or is obligated to pay to a subcontractor that is a qualified DBE; and

      3) Subcontractor participation with a lower tier DBE subcontractor; and

      4) Sixty percent (60%) of the total dollar amount paid or to be paid by a Prime Contractor to obtain supplies or goods from a supplier who is not a manufacturer and who is a qualified DBE. If the DBE is a manufacturer of the supplies, then one hundred percent (100%) may be credited, to be determined on a case-by-case basis.

   c. No credit, however, will be given for the following:

      1) Participation in a contract by a DBE that does not perform a commercially useful function as defined by the Program; and

      2) Any portion of the value of the contract that a DBE Subcontractor subcontracts back to the prime contractor or any other contractor who is not a qualified DBE; and

      3) Materials and supplies used on the contract unless the DBE is responsible for negotiating the price, determining quality and quantity, ordering the materials and installing (where applicable) and paying for material itself; and

      4) Work performed by a DBE in a scope of work other than that in which the DBE is currently certified.

L. **Required Documents.**

   1. **Incomplete Bids.** All documents that are required to be submitted with this Bid are listed within. The bidder shall read all forms carefully before signing. Incomplete bid documents may render the bid non-responsive.

   2. **Bid Response/Pricing Pages.**

      a. Bids shall be firm and final.
b. Bidders shall be responsible for furnishing and delivering new and complete materials and/or services to include the installation, assembly, accessories, personnel, training, warranty, and guarantee as specified to make this procurement complete.

c. Bidders shall complete the Bid Response Form. The bid price shall include, as applicable, all items of labor, materials, tools, equipment, transportation, and other costs necessary to complete the manufacture, delivery, assembly, installation and drawings, if required, of the materials or services required in this procurement.

d. The quantities specified for purchase by KCATA are based upon the best available estimates, taking into consideration the consumption during the past periods, and do not determine the actual amount the Authority may order during the contract period. The quantities are subject to change. Payment will be based on actual order quantities based on the unit rates quoted.

e. It is the intention of the specifications to provide complete and accurate descriptions for materials and/or services required by the KCATA. Any materials or services omitted from the specifications that are clearly necessary for the completion of this bid, although not directly specified or called for in the specifications, shall be considered a portion of the bid. Bidder shall indicate the additional material and services it has determined to be required for this procurement.

f. Bids shall indicate the unit price, extended to reflect the total bid. Any difference between the unit price correctly extended and the total price shall be resolved in favor of the unit price, except where the bidder clearly indicates that the total price is based on consideration of being awarded all items of the bid.

g. Bid shall be net and shall reflect any available discount. Separate discount for timely payment shall not be given consideration in evaluating bids, except in the case of bids that end in a tie.

h. Tax Exempt Status. The KCATA is exempt from payment of federal, state and local sales taxes, and such taxes shall not be included in the bid price. Nevertheless, the bidder is not exempt from these taxes when purchasing materials directly from its supplier.

3. Schedule of Participation by Contractor and Subcontractors (If utilizing Subcontractors). Bidders should list all subcontractors and major suppliers (including DBEs) and the value of work committed to them. It is important to include the North American Industry Classification System (NAICS) code appropriate for the type of work to be performed for each company listed.

4. Contractor Utilization Plan/Request for Waiver. This form outlines Bidder’s commitment to meeting the DBE goal. If the Bidder is unable to fulfill the DBE goal, the Request for Waiver must be completed, and Bidder must detail the good faith efforts used to achieve that commitment.
5. **Letter of Intent to Subcontract.** If utilizing DBE firms, this form must be completed and signed by both the Bidder and its DBE subcontractors/major suppliers.

6. **References.** Bidders shall complete the References Form (Attachment D) indicating up to four (4) firms that represent work similar to this procurement. Include the company name, address, contact person, contact information, contract amount and length of contract.

   c. The bidder agrees to provide the KCATA a copy of each conditioned debarment or suspension certification provided by a prospective subcontractor at any tier, and to refrain from awarding a subcontract with any party that has submitted a conditioned debarment or suspension certification until FTA approval is obtained.

9. **Lobbying Certification.** For purchases exceeding $100,000, awarded vendors will be required to provide a certification that no Federal funds were used to influence or attempt to influence an officer or employee of any Federal department or agency, a member of Congress or State legislature, or an employee of a member of Congress or State legislature regarding the project. This certification is required from all subcontractors (at any tier) if the subcontract is valued at $100,000 or more.

10. **Buy America Certification.** All bidders as applicable shall complete the appropriate part of the Buy America Certificate Form – attachment O to certify that steel, iron, and manufactured products used in this project are produced in the United States, or if rolling stock, that the cost of the components is more than 70 percent of the total cost with final assembly taking place in the United States.
11. **DBE Certification.**

   a. The KCATA recognizes firms that have been certified as Disadvantaged Business Enterprises (DBEs) under the criteria established by the U. S. Department of Transportation’s Regulations 49 C.F.R. Part 26. Contractors and subcontractors/major suppliers certified as DBEs must submit a current certificate or letter of DBE certification from a member of the Missouri Regional Certification Committee (MRCC).

   b. All bidders requesting to become certified Disadvantaged Business Enterprises with the KCATA must complete the proper paperwork and certifications.

   c. For information and the necessary forms for the certification process, please contact Mr. Whitney Morgan, KCATA’s Grants/DBE Specialist at (816) 346-0277.

12. **Receipt of Addenda.** In the event that Addenda are issued against this Invitation to Bid, bidders will be issued a Receipt of Addenda Form to complete and return with the Invitation to Bid, acknowledging receipt of all addenda issued. This is to safeguard KCATA and the bidder against failure to communicate any important information and changes to the scope of the procurement.

13. **Other Documents.** Bidders shall submit any other documents necessary to complete this bid. This may include a copy of the warranty offered, technical information, or product brochures.

**M. Documents Due After Award.**

1. KCATA reserves the right to review the Contractor’s written agreement with its subcontractors (DBE and non-DBE) to confirm that required federal contract clauses are included. KCATA may perform random audits and contact minority subcontractors to confirm the reported participation.

2. **Subcontractor Monthly Utilization Report.** Contractors will be required to submit this report with each request for payment to KCATA. This report will include payments to ALL subcontractors – DBE and non-DBE. KCATA may require lien waivers from all subcontractors before reimbursement is made to the Contractor. KCATA may perform random audits and contact minority subcontractors to confirm the reported participation. Failure to meet the contracted goal without documented evidence of good faith effort may result in the termination of the contract.

3. **Request for Modification, Replacement or Termination of Disadvantaged Business Enterprise (DBE) Project Participation.** Contractor is responsible for meeting or exceeding the DBE commitment amounts listed on the Schedule of Participation by Contractor and Subcontractors form submitted as part of Contractor’s Bid Documents and as amended by any previously approved Request for Modification/Substitution. Any Change Orders or amendment modifying the amount Contractor is to be compensated will impact the amount of compensation due to DBEs for purposes of meeting or exceeding the Bidder/Proposer commitment. Contractor shall consider the effect of a Change Order or amendment and submit a Request for Modification/Substitution if the DBE commitment changes.

   a. **Termination Only for Cause** - Prior to an award of a negotiated procurement and once a contract has been awarded; Contractor may not substitute or terminate a DBE
subcontractor without KCATA’s prior written consent. This includes, but is not limited to, instances in which a Contractor seeks to perform work originally designated for a DBE subcontractor with its own forces or those of an affiliate, a non-DBE firm, or with another DBE firm.

b. Written consent of termination may be given if the Contractor has demonstrated good cause. Good cause includes the following circumstances.

1) The listed DBE subcontractor fails or refuses to execute a written contract; or
2) The listed DBE subcontractor fails or refuses to perform the work of its subcontract in a way consistent with normal industry standards. Provided, however, that the good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Prime Contractor; or
3) The listed DBE subcontractor fails or refuses to meet the Prime Contractor’s reasonable, nondiscriminatory bond requirements; or
4) The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness; or
5) The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1200 or applicable state law; or
6) The DBE subcontractor is not a responsible contractor; or
7) The listed DBE subcontractor voluntarily withdraws from the project and provides the Prime Contractor written notice of its withdrawal;
8) The listed DBE is ineligible to receive DBE credit for the type of work required;
9) A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract;
10) Other documented good cause that compels KCATA to terminate the DBE subcontractor. Provided the good cause does not exist if the Prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the Prime Contractor can self-perform the work for which the DBE contractor was engaged or so that the Prime Contractor can substitute another DBE or non-DBE contractor.

a) Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request.

b) The Prime Contractor must give the DBE five days to respond to the Prime Contractor’s notice and advise KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Prime Contractor’s action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.

c) For questions concerning KCATA’s DBE Program requirements, please contact Mr. Whitney Morgan, KCATA’s DBE Liaison Officer, at (816) 346-0277 or via email at wmorgan@kcata.org.
A. Bid Evaluation

1. It is the intent of the KCATA to award a contract to the responsive and responsible bidder whose bid conforming to this IFB, is the lowest in price and, in KCATA’s sole discretion, the most advantageous to the KCATA. Factors such as discounts, transportation costs and life cycle costs will be considered in determining which bid is lowest in price.

2. A responsible bidder possesses the ability to perform successfully under the terms and conditions of the proposed contract considering matters including Contractor integrity, record of past performance, and financial and technical resources.

3. The low bidder will be required to demonstrate its ability to provide the times and/or perform services contained in the solicitation, in a timely manner, to the complete satisfaction of the Authority. Doubt as to technical ability, productive capability, and financial strength which cannot be resolved affirmatively may result in a determination of non-responsibility by KCATA.

4. If the low bidder is eliminated, then the second lowest bidder will be required to demonstrate its ability to perform services as described herein. This process will continue to the next lowest bidder until a bidder successfully meets the specification requirements.

5. KCATA reserves the right to investigate the qualifications of all bidders under consideration to confirm any part of the information furnished by a bidder, or to require other evidence of managerial, financial or other capabilities which are considered necessary for the successful performance of the contract.

B. Bid Acceptance. Each bid is to be submitted with the understanding that the acceptance in writing by the KCATA of the bid to furnish the materials and services, or any part thereof, described therein shall constitute a contract between the bidder and the KCATA which shall bind the bidder on its part to furnish and deliver at the price given and in accordance with the terms and conditions of said accepted bid and KCATA’s contract included as Attachment A.

C. Unbalanced Bid. The Authority may determine that a bid is non-responsive if the prices proposed are materially unbalanced. A bid is materially unbalanced when it is based on prices significantly less than cost or prices significantly overstated relative to cost.

D. Bid Award.

1. The procurement shall be awarded on the basis of the lowest responsive bidder complying with all the conditions of the bids, specifications, and instruction. The KCATA reserves the right to award any or all items of the bid or not to award at all.

2. In the case of multiple line items, the KCATA reserves the right to award the entire bid to one bidder, or to split the award of the items to multiple bidders.

3. If awarded at all, the bid may be awarded to the bidder whose total price is lowest, whose bid is responsive to the invitation thereof, and who is determined to be technically and financially
responsible to perform as required. The KCATA reserves the right to accept another bid, if it is in the best interest of the Authority. Conditional bids and any bid taking exception to these instructions or conditions, to the contract conditions or specifications, or to other contract requirements shall be considered non-responsive and shall be rejected.

E. Purchase Order and/or Contract.

1. Upon acceptance and award of a bid by KCATA, a purchase order or contract shall be issued thereon and shall constitute a contract for furnishing the items described in the bid in strict conformity with the specifications and bid conditions.

2. The purchase order or contract shall be considered as made in Kansas City, Missouri, and the construction and enforcement of it shall be in accordance with the laws of the State of Missouri except those pertaining to conflicts of law.

F. Licenses and Permits.

1. The bidder shall, without additional expense to KCATA, be responsible for obtaining any necessary licenses and permits, and for complying with all federal, state, and municipal laws, codes, and regulations applicable to the providing of products, equipment or materials, or the performance of the work in this procurement.

2. The Contractor shall comply with all applicable and current rules, regulations and ordinances of any applicable federal, state, county or municipal governmental body or authority, including those as set forth by the Environmental Protection Agency (EPA), the Missouri Department of Natural Resources (MDNR), the Kansas Department of Health and Environment (KDHE), the FTA, the Department of Transportation (DOT), and the City of Kansas City, Missouri.

KCATA reserves the right and shall be at liberty to inspect all products, equipment or materials and workmanship at any time during the Contract term, and shall have the right to reject all materials and workmanship which do not conform with the conditions, Contract requirements or specifications; provided, however, that KCATA is under no duty to make such inspection, and Contractor shall (notwithstanding any such inspection) have a continuing obligation to furnish all products, services, equipment or materials and workmanship in accordance with the instructions, Contract requirements and specifications. 3. ASSIGNMENT

This notification shall include the date on which the bankruptcy petition was filed, the identity of the court in which the bankruptcy petition was filed, and a listing of KCATA Contract numbers against which final payment has not been made. This obligation remains in effect until final payment under this Contract.

5. BONDING REQUIREMENTS

A. Performance and Payment Bonds.

1. The Contractor shall furnish, at its own expense, a performance bond and payment bond payable to KCATA in the amount of 100% of the full expected cost of the services to be performed (goods to be delivered) from a licensed, fully qualified surety company acceptable to KCATA and listed as a company currently authorized under 31 CFR Part 22 as possessing a certificate of Authority as described hereunder. The bonds shall remain valid and in effect for the full term of this Contract. KCATA may require an increase in the bond amount in the event of changes to the contract price.

2. A cash deposit, certified check, irrevocable letter of credit (LOC) or another negotiable instrument may be accepted by KCATA in lieu of a bond. The form of any substitution in lieu of a bond must be approved by KCATA. The cash deposit, certified check, irrevocable LOC, or other negotiable instrument accepted in lieu of a bond must remain valid and in effect for the full term of this Contract.
3. If used, the LOC shall be irrevocable, unconditional, and issued by an acceptable federally insured financial institution. The LOC must cover the entire period of performance or may be submitted with an initial expiration date which is a minimum period of one year from the date of issuance, with a provision which states that the LOC is automatically extended without amendment for one year from the expiration date, or any future expiration date, until the period of performance is completed. The period of performance shall end the later of 90 days following final payment, or until completion of any warranty period. KCATA may require additional performance bond protection when the Contract Sum is increased.

4. Contractor’s failure to maintain a valid payment/performance bond or a valid substitution for the full term of this Contract will be a breach of this Contract.

B. Warranty of Work and Maintenance

1. The Contractor warrants to KCATA, that all products, equipment and materials furnished under this Contract will be of highest quality and new unless otherwise specified by KCATA, free from faults and defects in workmanship or materials, merchantable, suitable for its intended purpose and in conformance with the Contract. All work not so conforming to these standards shall be considered defective. The work or services furnished must be of first quality and the workmanship must be the best obtainable in the various trades.

2. The work must be of safe, substantial and durable construction in all respects. The Contractor hereby guarantees the work against defective materials or faulty workmanship for a minimum period of one (1) year after final payment by KCATA and shall replace or repair any defective products, equipment or materials or faulty workmanship during the period of the guarantee at no cost to KCATA. As additional security for these guarantees, the Contractor shall, prior to the release of final payment, furnish separate maintenance (or guarantee) bonds in form acceptable to KCATA written by the same corporate surety that provides the performance bond for this Contract. These bonds shall secure the Contractor’s obligation to replace or repair defective products, equipment and materials and faulty workmanship for a minimum period of one (1) year after final payment and shall be written in an amount equal to one hundred percent (100%) of the Contract Sum, as adjusted (if at all).

6. BREACH OF CONTRACT; REMEDIES

A. If the Contractor shall fail, refuse or neglect to comply with any terms of this Contract, such failure shall be deemed a total breach of contract and the Contractor shall be subject to legal recourse by KCATA, plus costs resulting from failure to comply including the KCATA’s reasonable attorney fees, whether or not suit be commenced.

B. The duties and obligations imposed by this Contract and the rights and remedies available hereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law or equity. 7. **CHANGES**

KCATA may at any time, by a written order, and without notice to the Contractor, make changes within the general scope of this Contract. No such changes shall be made by the Contractor without prior written approval by KCATA. If any such change causes an increase or decrease in the Contract sum, or the time required for performance of this Contract, whether changed or not changed by such order, an equitable adjustment shall be made by written modification. Any Contractor’s claim for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change. Nothing in this clause shall excuse the Contractor from proceeding with this Contract as changed.

8. **CIVIL RIGHTS**

B. Payment by KCATA will be made within the later of 1) 30 days after receipt of a proper invoice, or 2) 30 days after KCATA’s acceptance of supplies delivered or services performed by the Contractor. On a final invoice where the payment amount is subject to contract settlement actions, acceptance shall be deemed to have occurred on the effective date of the contract settlement.

C. All final invoices shall be submitted to KCATA within 90 days of project completion or contract termination. Invoices submitted more than 90 days after project completion or contract termination will not be valid and will not be paid. Contractor indemnifies and holds KCATA harmless for any suit filed for payment of invoices submitted after 90 days of project completion or contract termination.

D. Subcontractor Payments.

1. Prompt Payment. The Contractor shall establish procedures to ensure timely payment of amounts due pursuant to the terms of its subcontracts. The Contractor shall pay each DBE and non-DBE subcontractor for satisfactory performance of its contract, or any billable portion thereof, in accordance with the timing set forth in any applicable laws or no later than 30 days, whichever is less, from the date of the Contractor’s receipt of payment from the Authority for work by that subcontractor.

2. Prompt Return of Retainage. If retainage is withheld from subcontractors, the Contractor is required to return any retainage payment to its DBE and non-DBE subcontractors in accordance with the timing set forth in any applicable laws or no later than 30 days, whichever is less, from the date of receipt of the retainage payment from the Authority related to the subcontractor’s work. Any delay or postponement of payment from said time frame may occur only for good cause following written approval from KCATA.

3. The Contractor shall certify on each payment request to the Authority that payment has been or will be made to all subcontractors. Lien waivers may be required for the Contractor and its subcontractors. The Contractor shall notify KCATA on or before each payment request, of any situation in which scheduled subcontractor payments have not been made.
4. If a subcontractor alleges that the Contractor has failed to comply with this provision, the Contractor agrees to support any Authority investigation, and if deemed appropriate by the Authority, to consent to remedial measures to ensure that subcontractors are properly paid as set forth herein.

5. The Contractor agrees that the Authority may provide appropriate information to interested subcontractors who inquire about the status of Authority payments to the Contractor.

6. Nothing in this provision is intended to create a contractual obligation between the Authority and any subcontractor or to alter or affect traditional concepts of privity of contract between all parties.

31. **RIGHT TO OFFSET**

KCATA, without waiver or limitation of any rights, may deduct from any amounts due Contractor in connection with this Contract, or any other contract between Contractor and KCATA, any amounts owed by Contractor to KCATA, including amounts owed by Contractor pursuant to Contractor’s obligation to indemnify KCATA against third party claims arising out of Contractor’s performance of work under this Contract.

32. **SEAT BELT USE POLICY**

Contractor agrees to comply with terms of Executive Order No. 13043 and 13513, “Increasing Seat Belt Use in the United States;” 23 U.S.C. part 402; and U.S. DOT Order 3902.10. Contractor is encouraged to include those requirements in each subcontract awarded for work relating to this Agreement.

33. **SEISMIC SAFETY.** The Contractor agrees that any new building or addition to an existing building will be designed and constructed in accordance with the Standards for Seismic Safety required in Department of Transportation (DOT) Seismic Safety Regulations 49 C.F.R. Part 41 and will certify to compliance to the extent required by the regulation. The Contractor agrees to ensure that all work performed under this contract, including work performed by a subcontractor, is in compliance with the standards required by the Seismic Safety regulations and the certification of compliance issued on the project.

34. **SERVICE MANUAL / WIRING SCHEMATICS**

If specified, the Contractor will provide at least one (1) copy of a service manual and at least one (1) copy of wiring schematics for individual components and other schematics and drawings as may be applicable.

35. **SEVERABILITY**

If any clause or provision of this Contract is held to be invalid illegal or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions of this Contract shall continue in full force and effect.

36. **SUBCONTRACTORS**

A. **Subcontractor Approval.** None of the work or services covered by this Contract shall be subcontracted without the prior written approval of KCATA. The only subcontractors approved for this Contract, if any, are listed in an appendix to this Contract. Any substitutions or additions of subcontractors must have the prior written approval of KCATA as set forth herein.

B. The Contractor is responsible for managing and directing the work of the Subcontractors and for all actions of subcontractors performing work under this Contract. Any contact from Subcontractors to KCATA shall be limited to KCATA’s Director of Procurement.

D. **Subcontractor Payments.** See Requests for Payment Provisions.
E. **Adequate Provision(s) in Subcontract(s).** Any subcontracts related to this Contract must contain adequate provisions to define a sound and complete agreement. In addition, all subcontracts shall contain contractual provisions or conditions that allow for:

1. Administrative, contractual, or legal remedies in instances where subcontractors violate or breach contract terms, including sanctions and penalties as may be appropriate.

2. Termination for cause and for convenience including the manner by which it will be affected and the basis for settlement.

H. KCATA may perform random audits and contact minority subcontractors to confirm the reported DBE participation.

37. SUSPENSION OF WORK

KCATA may order the Contractor, in writing, to suspend, delay, or interrupt all or any part of the work under this agreement for the period of time that KCATA determines appropriate for the convenience of KCATA.

38. TAXPAYER IDENTIFICATION NUMBER (TIN)

The Contractor is required to provide its TIN, which is the number required by the IRS to be used by KCATA in reporting income tax and other returns. The TIN provided by the Contractor is ________________.

39. TERMINATION

A. Termination for Convenience. The KCATA may terminate this Contract, in whole or in part, at any time by written notice to the Contractor when it is in KCATA’s best interest. The Contractor will only be paid the Contract price for supplies delivered and accepted, or work or services performed in accordance with the manner of performance set forth in the Contract.

B. Funding Contingency. If this Contract is subject to financial assistance provided by the U.S. Department of Transportation, the Contractor agrees that withdrawal or termination of such financial assistance by the U.S. DOT may require KCATA to terminate the agreement.

C. Termination for Default.

1. If the Contractor does not deliver supplies in accordance with the contract delivery schedule or according to specifications, or if the Contract is for services, and the Contractor fails to perform in the manner called for in the Contract, or if the Contractor fails to comply with any other provisions of the Contract, KCATA may terminate this Contract for default. Termination shall be affected by serving a notice of termination on the Contractor setting forth the manner in which the Contractor is in default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth cost of the Contract.
2. If the termination is for failure of the Contractor to fulfill the contract obligations, KCATA may complete the work by contract or otherwise and the Contractor shall be liable for any additional cost incurred by KCATA. If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, KCATA, after setting up a new delivery or performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

D. **Opportunity to Cure.** KCATA in its sole discretion may, in the case of a termination for breach or default, allow the Contractor an appropriately short period of time in which to cure the defect. In such case, the written notice of termination will state the time period in which cure is permitted and other appropriate conditions. If Contractor fails to remedy to KCATA’s satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within the time period permitted, KCATA shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude KCATA from also pursuing all available remedies legal and non-legal against Contractor and its sureties for said breach or default.

E. **Waiver of Remedies for any Breach.** In the event that KCATA elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Agreement, such waiver by KCATA shall not limit KCATA’s remedies for any succeeding breach of that or of any other term, covenant, or condition of this Agreement.

F. **Property of KCATA.** Upon termination of this Contract for any reason, and if the Contractor has any property in its possession or under its control belonging to KCATA, the Contractor shall protect and preserve the property or pay KCATA full market value of the property, account for the same, and dispose of it in the manner KCATA directs. Upon termination of this Contract for any reason, the Contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to KCATA’s Project Manager all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this Contract, whether completed or in process.

40. **TEXTING WHILE DRIVING AND DISTRACTED DRIVING**

Consistent with Executive Order No. 13513, “Federal Leadership on Reducing Text Messaging While Driving,” October 1, 2009, 23 U.S.C. Section 402 note, and U.S. DOT Order 3902.10, “Text Messaging While Driving,” December 30, 2009, the Contractor agrees to promote policies and initiatives for its employees and other personnel that adopt and promote safety policies to decrease crashes by distracted drivers, including policies to ban text messaging while driving, and to encourage each subcontractor to do the same.

41. **TRAINING**

If specified, the Contractor shall properly train KCATA personnel in the operation and maintenance, to include preventive maintenance, of any applicable equipment supplied as part of the project. The estimated amount of training man-hours will be provided as specified.

42. **UNAVOIDABLE DELAYS**

A. A delay is unavoidable only if the delay was not reasonably expected to occur in connection with or during the Contractor’s performance, and was not caused directly or substantially by acts, omissions, negligence, or mistakes of the Contractor, the Contractor’s suppliers or their agents, and was substantial and in fact caused the Contractor to miss delivery dates, and could not adequately have been guarded against by contractual or legal means.

B. **Notification of Delays.** The Contractor shall notify the Director of Procurement as soon as the Contractor has, or should have, knowledge that an event has occurred which will cause an unavoidable delay. Within five (5) days, the Contractor shall confirm such notice in writing, furnishing as much as detail as is available.

C. **Request for Extension.** The Contractor agrees to supply, as soon as such data is available, any reasonable proof that is required by the Director of Procurement to make a decision on any request for extension. The Director of
Procurement shall examine the request and any documents supplied by the Contractor and shall determine if the Contractor is entitled to an extension and the duration of such extension. The Director of Procurement shall notify the Contractor of its decision in writing.

D. It is expressly understood and agreed that the Contractor shall not be entitled to damages or compensation and shall not be reimbursed for losses on account of delays resulting from any cause under this provision, except to the extent the Contractor’s delay was attributable to KCATA’s non-performance of its duties herein.

43. WARRANTY; WARRANTY OF TITLE

A. The Contractor agrees that equipment, materials or services furnished under this Agreement, shall be covered by the most favorable warranties the Contractor gives to any customer of such equipment, materials or services and that the rights and remedies provided herein are in addition to and do not limit any rights afforded to KCATA by any other clause in this Contract.

B. The Contractor warrants to KCATA, that all products, equipment and materials furnished under this Contract will be of highest quality and new unless otherwise specified by KCATA, free from faults and defects in workmanship or materials, merchantable, suitable for its intended purpose and in conformance with the Contract. All work not so conforming to these standards shall be considered defective. If required by KCATA, the Contractor shall furnish satisfactory evidence as to the kind and quality of products, equipment and materials. Further, at a minimum, all such products, equipment or materials must be merchantable, comply with all applicable specifications and laws and be suitable for its intended purposes. The workmanship must be the best obtainable in the various trades.

C. The work must be of safe, substantial and durable construction in all respects. The Contractor hereby guarantees the work against defective materials or faulty workmanship for a minimum period of one (1) year after final payment by KCATA and shall replace or repair any defective products, equipment or materials or faulty workmanship during the period of the guarantee at no cost to KCATA.

D. Upon final acceptance by KCATA of all work to be performed by the Contractor, KCATA shall so notify the Contractor in writing. The date of final acceptance shall commence the warranty period.

44. FTA REQUIRED CLAUSES

A. Changes to Federal Requirements. Contractor shall at all times be aware and comply with all applicable Federal Transit Administration regulations, policies, procedures and directives, including without limitation, those listed directly or by reference in the Agreement between the Authority and FTA (FTA MA (26) dated October 1, 2019), as they may be amended or promulgated from time to time during the term of this Contract. Contractors’ failure to so comply shall constitute a material breach of this Contract. Contractor agrees to include this clause in all subcontracts at any tier. It is further agreed that the clause shall not be modified, except to identify the subcontractors who will be subject to its provisions.

B. Debarment and Suspension Certification.

2. The Contractor, its principals and any affiliates, shall certify that it is not included in the “U.S. General Services Administration’s List of Parties Excluded from Federal Procurement or Non-procurement Programs,” as defined at 49 CFR Part 29, Subpart C.

3. The Contractor agrees to refrain from awarding any subcontract of any amount (at any tier) to a debarred
or suspended subcontractor, and to obtain a similar certification from any subcontractor (at any tier) seeking a contract exceeding $25,000.

4. The Contractor agrees to provide KCATA a copy of each conditioned debarment or suspension certification provided by a prospective subcontractor at any tier, and to refrain from awarding a subcontract with any party that has submitted a conditioned debarment or suspension certification until FTA approval is obtained.

C. Disadvantaged Business Enterprise (DBE).

1. It is the policy of KCATA and the United States Department of Transportation (USDOT) that Disadvantaged Business Enterprises (DBE’s), as defined herein and in the Federal regulations published as 49 CFR Part 26, shall have an equal opportunity to participate in DOT-assisted contracts. It is also the policy of KCATA to:

   a. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;

   b. Create a level playing field on which DBE’s can compete fairly for DOT-assisted contracts;

   c. Ensure that the DBE program is narrowly tailored in accordance with applicable law;

   d. Ensure that only firms that fully meet 49 CFR Part 26 eligibility are permitted to participate as DBE’s;

   e. Help remove barriers to the participation of DBE’s in DOT assisted contracts;

   f. To promote the use of DBE’s in all types of federally assisted contracts and procurement activities; and

   g. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.

2. This Contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs. The national goal for participation of Disadvantaged Business Enterprises (DBE’s) is 10 percent. KCATA’s overall goal for DBE participation is 15 percent. A separate contract goal has not been established for this project.

3. The Contractor shall not discriminate on the basis of race, color national origin, or sex in the performance of this Contract. The Contractor shall carry out applicable requirements of 49 CFR. Part 26 in the award and administration of this DOT-assisted contract. Failure by the Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as KCATA deems appropriate. Each subcontract the Contractor signs with a subcontractor must include the assurance in this paragraph (see 49 C.F.R. 26.13(b)).

4. The Contractor may not substitute, remove or terminate a DBE subcontractor without KCATA’s prior written consent. Written consent of termination may only be given if the Contractor has demonstrated good cause. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request. The Contractor must give the DBE five days to respond to the Contractor’s notice and advise KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Contractor’s action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.
a. **Good Cause.** Good cause includes the following circumstances:

1) The listed DBE subcontractor fails or refuses to execute a written contract; or

2) The listed DBE subcontractor fails or refuses to perform the work to its normal industry standards. Provided, however, that the good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the Prime Contractor; or

3) The listed DBE subcontractor fails or refuses to meet the Prime Contractor’s reasonable, nondiscriminatory bond requirements; or

4) The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness; or

5) The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1200 or applicable state law; or

6) The DBE subcontractor is not a responsible contractor; or

7) The listed DBE subcontractor voluntarily withdraws from the project and provides the Prime Contractor written notice of its withdrawal;

8) The listed DBE is ineligible to receive DBE credit for the type of work required;

9) A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract;

10) Other documented good cause that compels KCATA to terminate the DBE subcontractor. Provided the good cause does not exist if the Prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the Prime Contractor can self-perform the work for which the DBE contractor was engaged or so that the Prime Contractor can substitute another DBE or non-DBE contractor.

b. Before submitting its request to terminate or substitute a DBE subcontractor, the Prime Contractor must give notice in writing to the DBE subcontractor, with a copy to KCATA, of its intent to request to terminate and/or substitute, and the reason for the request. The Prime Contractor must give the DBE five days to respond to the Prime Contractor’s notice and advise the KCATA and the Contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why KCATA should not approve the Prime Contractor’s action. If required in a particular case as a matter of public necessity (e.g., safety), the response period may be shortened.
D. **Disclaimer of Federal Government Obligation or Liability.** The Contractor, and any subcontractors acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of this contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Contractor, or any other party (whether or not a party to this Contract) pertaining to any matter resulting from this Contract. It is further agreed that the clause shall be included in each subcontract and shall not be modified, except to identify the subcontractor who will be subject to its provision.

E. **Employee Protections.**

A. **Construction Employee Protections.**

a. **Davis-Bacon and Copeland Anti-Kickback Standards Acts.**

2) Contractor shall comply with all rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 which are incorporated by reference in this Contract.

3) The Contractor agrees to pay wages to laborers and mechanics performing Contract work at a rate not less than the minimum wages specified in a wage determination issued by the U.S. Secretary of Labor and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 C.F.R. Part 3)). The Contractor agrees to place a copy of the current prevailing wage determination issued by the U.S. DOL in each solicitation for subcontractor work under this project and agrees to refrain from awarding any affected contracts until the subcontractor agrees to the required wage determination.

4) The KCATA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this Contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the KCATA may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

5) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. The payrolls submitted shall set out accurately and completely all of the information required to be
maintained under Section 5.5(a)(3)(i) of the Regulations, 29 C.F.R. Part 5. The prime Contractor is responsible for the submission of copies of payrolls by all subcontractors.

6) Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

   a) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a state apprenticeship agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a state apprenticeship agency (where appropriate) to be eligible for probationary employment as an apprentice.

   b) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee’s level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination.

7) The Contractor must submit a copy of all payrolls each week to KCATA’s project manager. The copy is to be accompanied by a statement signed by the Contractor indicating that the payrolls are correct and complete, and that the wage rates contained therein are not less than those determined by the Secretary of Labor. Upon completion of the Contract, the Contractor is to submit to KCATA’s project manager, a certificate concerning wages and classifications for laborers and mechanics.

8) Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the Federal Transit Administration may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

9) Contract Termination: Debarment. A breach of the clauses in 29 CFR 5.5 may be grounds for termination of the Contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

10) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this Contract shall not be subject to the general Disputes clause of this Contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors)
and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

11) **Certification of Eligibility.** By entering into this Contract, the Contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

12) No part of this Contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1). The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

b. **Veterans Employment Preference.** Contractors working on a federally funded capital project shall give a hiring preference, to the extent practicable, to veterans (as defined in 5 U.S.C. § 2018) who have the requisite skills and abilities to perform the construction work required under the contract. This subsection shall not be understood, construed or enforced in any manner that would require an employer to give preference to any veteran over any equally qualified applicant who is a member of any racial or ethnic minority, female, an individual with a disability, or former employee.

c. **Special Equal Employment Opportunity (EEO) Provision for Construction Contracts.** During the performance of this Contract, Contractor agrees as follows:

1) Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

2) Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

3) Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

4) Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to
be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

5) Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

6) Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

7) In the event of Contractor's noncompliance with the nondiscrimination clauses of this Contract or with any of the said rules, regulations, or orders, this Contract may be canceled, terminated, or suspended in whole or in part and Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

8) Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs a through g in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: provided, however, that in the event Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, Contractor may request the United States to enter into such litigation to protect the interests of the United States.

B. Employee Protections – General.

1) Overtime Requirements. No Contractor or subcontractor contracting for any part of the Contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek. (40 U.S.C. § 3701-3708 et seq and supplemented by Department of Labor (DOL) Regulations 29 CFR part 5)

2) Violation; Liability for Unpaid Wages; Liquidated Damages. In the event of any violation of the clause set forth in Paragraph 1 of this section the Contractor and any subcontractor responsible therefore shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in Paragraph 1 of this section, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard
work week of forty hours without payment of the overtime wages required by the clause set forth in Paragraph 1 of this section.

Superseded General Decision Number: MO20190045

State: Missouri

Construction Type: Building

County: Jackson County in Missouri.

BUILDING CONSTRUCTION PROJECTS (does not include single family homes or apartments up to and including 4 stories).

Note: Under Executive Order (EO) 13658, an hourly minimum wage of $10.80 for calendar year 2020 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least $10.80 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2020. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher than the conformed wage rate). The EO minimum wage rate will be adjusted annually. Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.
Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.
Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.
WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

* an existing published wage determination
* a survey underlying a wage determination
* a Wage and Hour Division letter setting forth a position on a wage determination matter
* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party’s position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
